(57) **CLAIM**

I claim the ornamental design for a combination expandable folder with closable cover, and set of dog shaped tab inserts, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a combination expandable folder with closable cover, and set of dog shaped

tab inserts, showing my new design in a closed position and folded in a flattened position;

FIG. 2 is a bottom front perspective view of the combination expandable folder with closable cover, and set of dog shaped tab inserts in a closed position wherein the top and bottom are shown in a partially expanded position;

FIG. 3 is a top front perspective view of the combination expandable folder with closable cover, and set of dog shaped tab inserts, shown in an open position with insert tabs removed in order to show aspects of the design that would not otherwise be apparent;

FIG. 4 is another front perspective view thereof;

FIG. 5 is a top front perspective view of the combination expandable folder with closable cover, and set of dog shaped tab inserts in a closed and expanded position;

FIG. 6 is a rear perspective view thereof;

FIG. 7 is a side perspective view of the combination expandable folder with closable cover, and set of dog shaped tab inserts in an open and expanded position with the tab inserts removed in order to show aspects of the design that would not otherwise be apparent;

FIG. 8 is a rear view thereof;

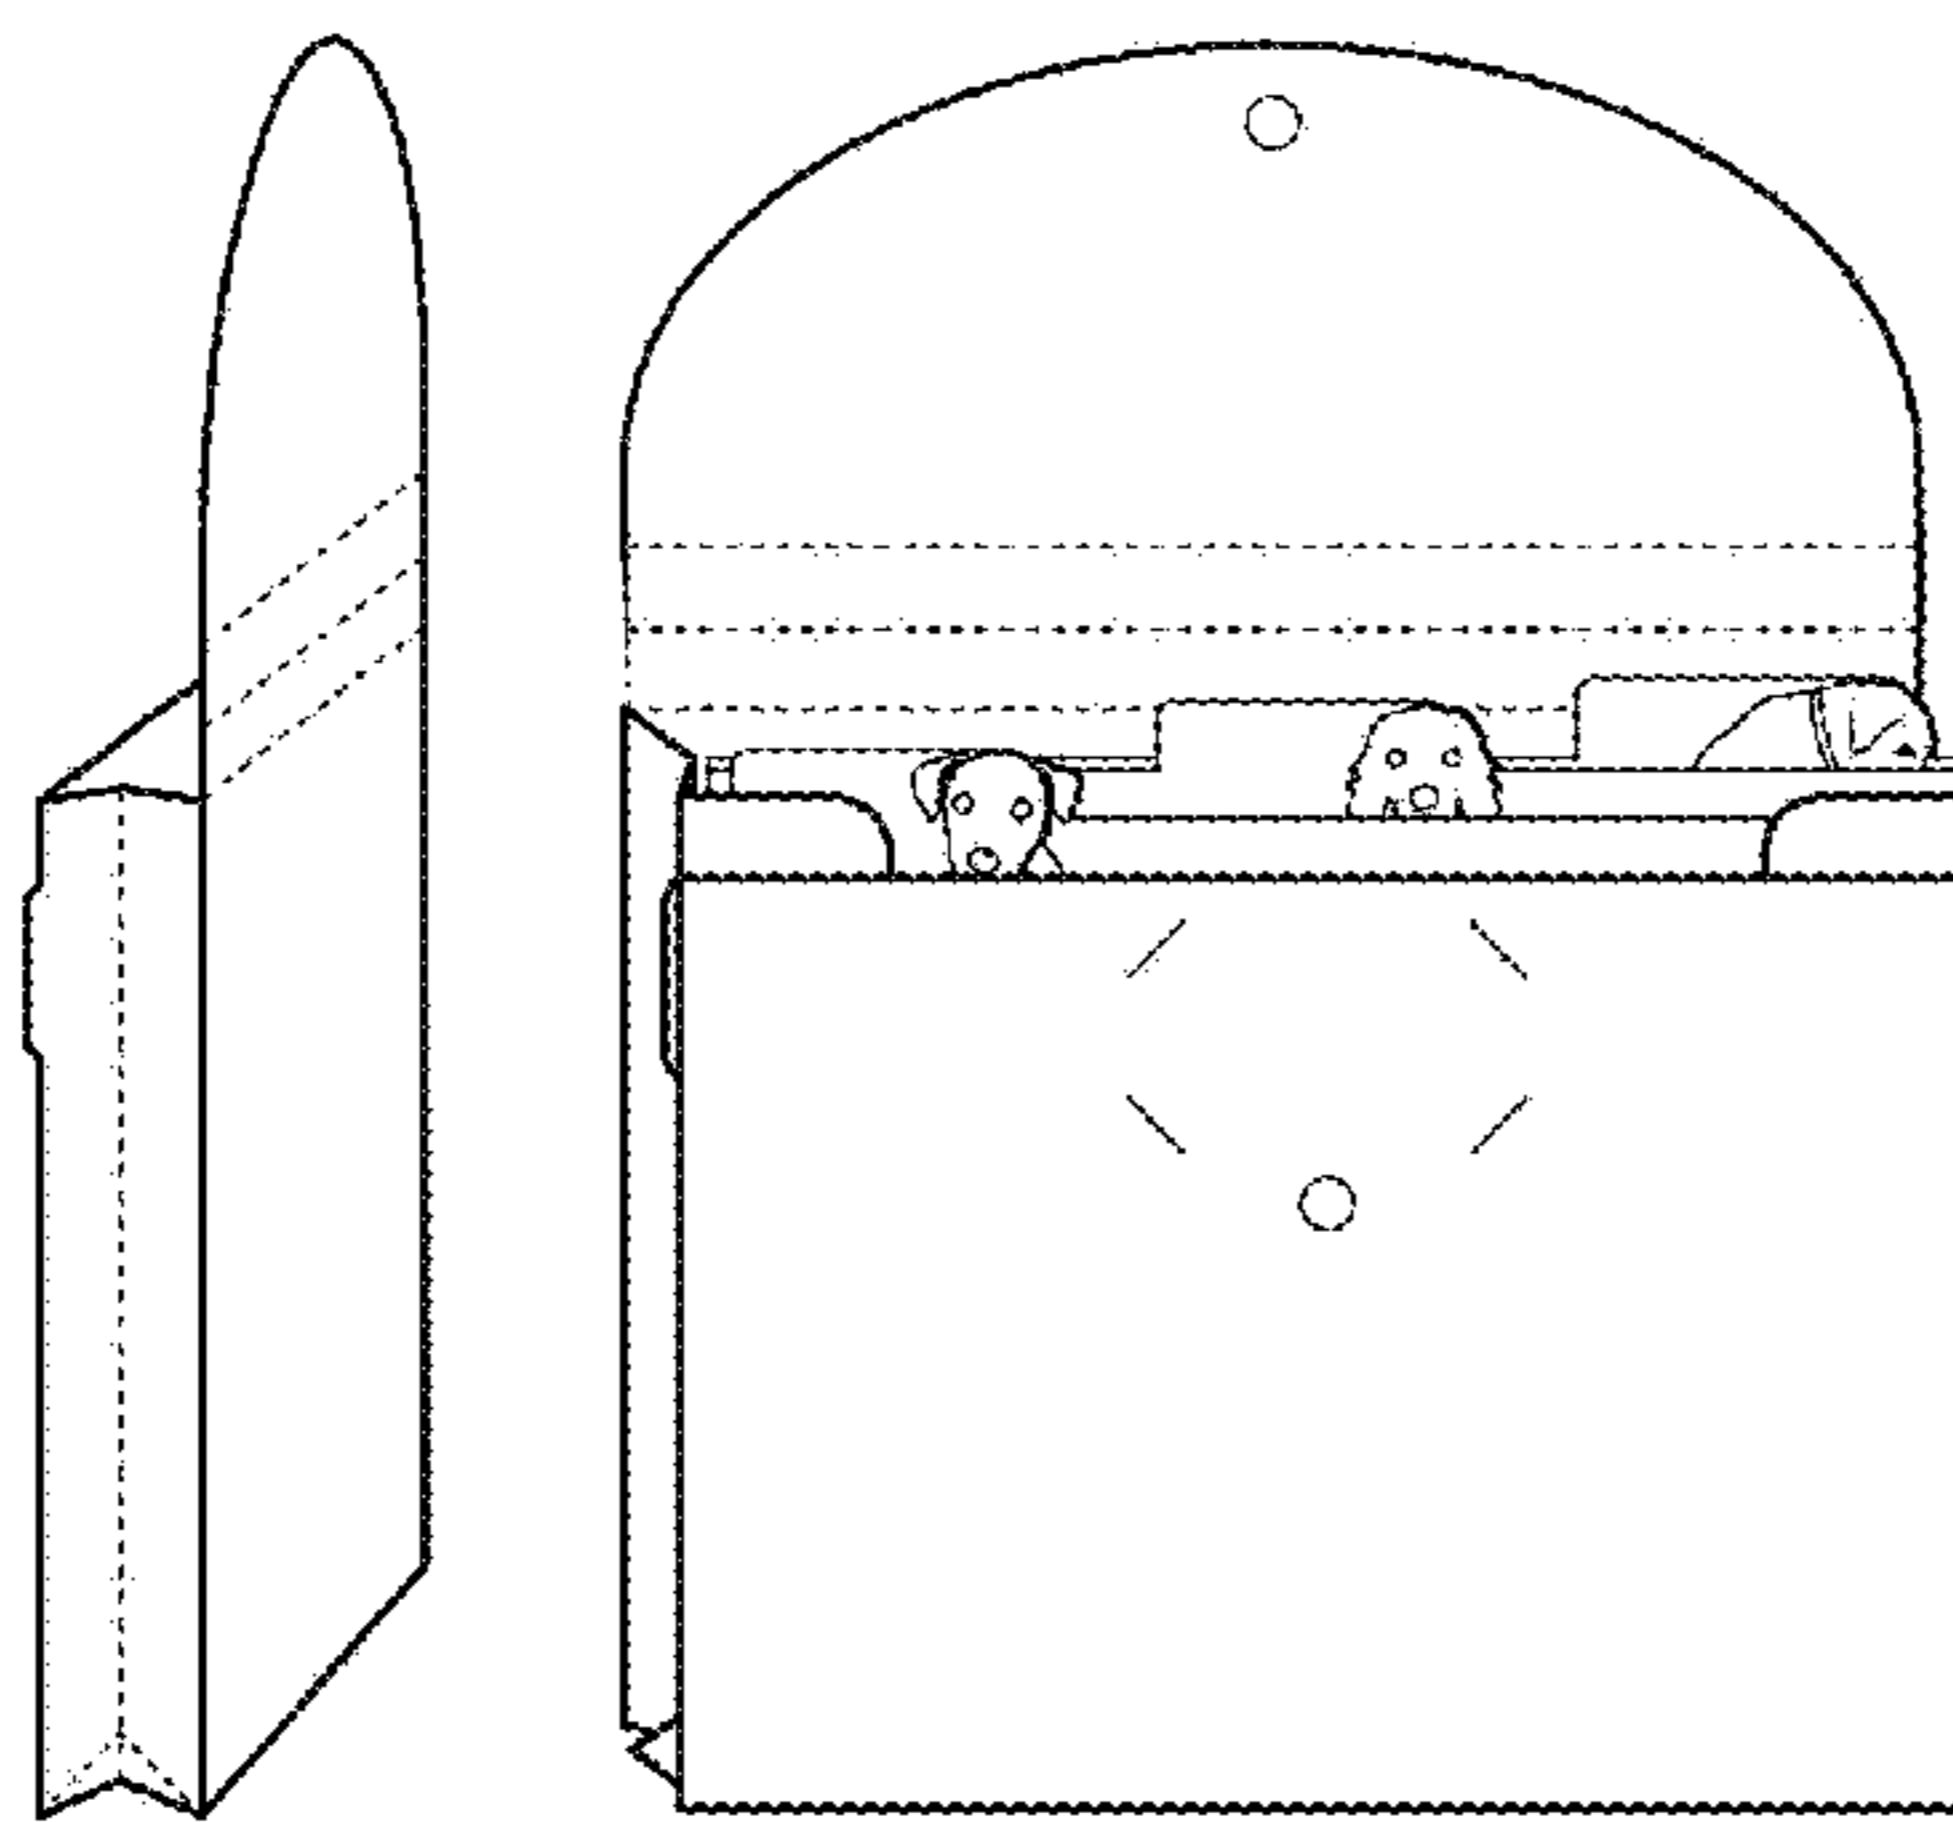

FIG. 9 is a front perspective view of the combination expandable folder with closable cover, and set of dog shaped tab inserts in an open and expanded position wherein the tab inserts are shown;

FIG. 10 is a front elevation view of the combination expandable folder with closable cover, and set of dog shaped tab inserts wherein a first position tab insert is shown removed from the expandable folder in order to show aspects of the design that would not otherwise be apparent;

FIG. 11 is a front elevation view of the combination expandable folder with closable cover, and set of dog shaped tab inserts wherein a second position tab insert is shown removed from the expandable folder in order to show aspects of the design that would not otherwise be apparent; and,

FIG. 12 is a front elevation view of the combination expandable folder with closable cover, and set of dog shaped tab inserts wherein a third position tab insert is shown removed from the expandable folder in order to show aspects of the design that would not otherwise be apparent.

(Continued)

The dashed lines in the figures show fold lines, and form part of the claimed design.
