FIG. 1 is a top perspective view of a tip cap for fluid delivery device according to an embodiment of the design;
FIG. 2 is a front elevation view thereof, the rear, left and right side elevation views being identical;
FIG. 3 is a top plan view thereof; and,
FIG. 4 is a bottom plan view thereof.
The broken lines immediately adjacent the shaded areas represent the bounds of the claimed design while all other broken lines are directed to portions of the article excluded from the claim. The broken lines form no part of the claimed design.
