(57) **CLAIM**

The ornamental design for a recessed lighting fixture, as shown and described herein.

DESCRIPTION

FIG. 1 illustrates a perspective view of the top side of the recessed lighting fixture, according to a first embodiment. FIG. 2 illustrates a perspective view of the top side of the recessed lighting fixture, according to the first embodiment. FIG. 3 illustrates a perspective view of the bottom side of the recessed lighting fixture, according to the first embodiment. FIG. 4 illustrates a perspective view of a cross-section of the recessed lighting fixture along a plane represented by broken line labeled 4-4 in FIG. 2, according to the first embodiment. FIG. 5 illustrates a perspective view of the bottom side of the recessed lighting fixture, according to the first embodiment. FIG. 6 illustrates a perspective view of the top side of the recessed lighting fixture, according to a second embodiment. FIG. 7 illustrates a perspective view of the bottom side of the recessed lighting fixture, according to the second embodiment. FIG. 8 illustrates a perspective view of a cross-section of the recessed lighting fixture along a plane represented by broken line labeled 8-8 in FIG. 6, according to the second embodiment; and, FIG. 9 illustrates a perspective view of the bottom side of the recessed lighting fixture, according to the second embodiment. The broken lines shown in the drawings represent portions of the recessed lighting fixture that form no part of the claimed design. Additionally, the recessed lighting fixture is not limited to the scale shown herein.
