439/532

FIG. 1 is a perspective view of the DIN rail for carrying wiring and control products;
FIG. 2 is a front elevation view thereof;
FIG. 3 is a rear elevation view thereof;
FIG. 4 is a left side elevation view thereof;
FIG. 5 is a right side elevation view thereof;
FIG. 6 is a top plan view thereof; and,
FIG. 7 is a bottom plan view thereof.
Double-dashed broken lines illustrate portions of the DIN rail for carrying wiring and control products that form no part of the claimed design, while a single-dashed broken line illustrates a perforation line in the DIN rail for carrying wiring and control products.
