(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image of a display screen or portion thereof with animated graphical user interface our new design; FIG. 2 is a second image thereof; FIG. 3 is a third image thereof; and, FIG. 4 is a fourth image thereof.

The peripheral broken lines illustrate a display screen or portion thereof and form no part of the claimed design. The broken lines within the peripheral broken lines show portions of the animated graphical user interface which form no part of the claimed design.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another forms no part of the claimed design.
