(57) **CLAIM**

The ornamental design for a portable safety terminal, in particular for industrial machines, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a portable safety terminal, in particular for industrial machines;
FIG. 2 is a front perspective view of the portable safety terminal, in particular for industrial machines of FIG. 1;
FIG. 3 is a right side view of the portable safety terminal, in particular for industrial machines of FIG. 1;
FIG. 4 is a left side view of the portable safety terminal, in particular for industrial machines of FIG. 1;
FIG. 5 is a rear view of the portable safety terminal, in particular for industrial machines of FIG. 1;
FIG. 6 is a front view of the portable safety terminal, in particular for industrial machines of FIG. 1;
FIG. 7 is a top view of the portable safety terminal, in particular for industrial machines of FIG. 1; and,
FIG. 8 is a bottom view of the portable safety terminal, in particular for industrial machines of FIG. 1.
The shade lines show contour and not surface ornamentation. Broken lines are environmental and form no part of the claimed design.

1 Claim, 5 Drawing Sheets
