(57) **CLAIM**

The ornamental design for a clitoral adhesive device, as shown and described.

DESCRIPTION

FIG. 1 is a front, bottom, and side perspective view of a first embodiment of a clitoral adhesive device embodying the new design;

FIG. 2 is a front, top, and side perspective view thereof;

FIG. 3 is a bottom view thereof;

FIG. 4 is a top view thereof;

FIG. 5 is a first side view thereof;

FIG. 6 is a second side view thereof; and

FIG. 7 is a front view thereof.

FIG. 8 is a front, bottom, and side perspective view of a second embodiment of a clitoral adhesive device embodying the new design;

FIG. 9 is a front, top, and side perspective view thereof;

FIG. 10 is a bottom view thereof;

FIG. 11 is a top view thereof;

FIG. 12 is a first side view thereof;

FIG. 13 is a second side view thereof; and,

FIG. 14 is a front view thereof.

Broken lines are used to illustrate features of the clitoral adhesive device which form no part of the claimed design.
