(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface, as shown and described.

**DESCRIPTION**

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

The FIGURE is a face view of a display screen with a graphical user interface, showing our new design. The outermost broken lines illustrate a display screen. The remaining broken lines illustrate portions of the graphical user interface. None of the broken lines form any part of the claimed design.
