(57) **CLAIM**

The ornamental design for a shoe upper, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a shoe upper; FIG. 2 is a side view thereof; and, FIG. 3 is a rear perspective view thereof. The evenly spaced broken lines shown in the drawings are directed to environment, are for informational purposes only, and form no part of the claimed design. The long and short broken lines are boundary lines, which define bounds of the claimed design. These boundaries do not exist in reality in the article embodying the design. It is understood that the claimed design extends to these boundaries but does not include the boundaries. The surface shading on the claimed portion is provided only to indicate the character and/or any contour or curvature of the surfaces. It does not indicate color, texture, markings that actually exist thereon, indicia, graphic representations, surface treatment, or any other ornamentation applied to the article.
