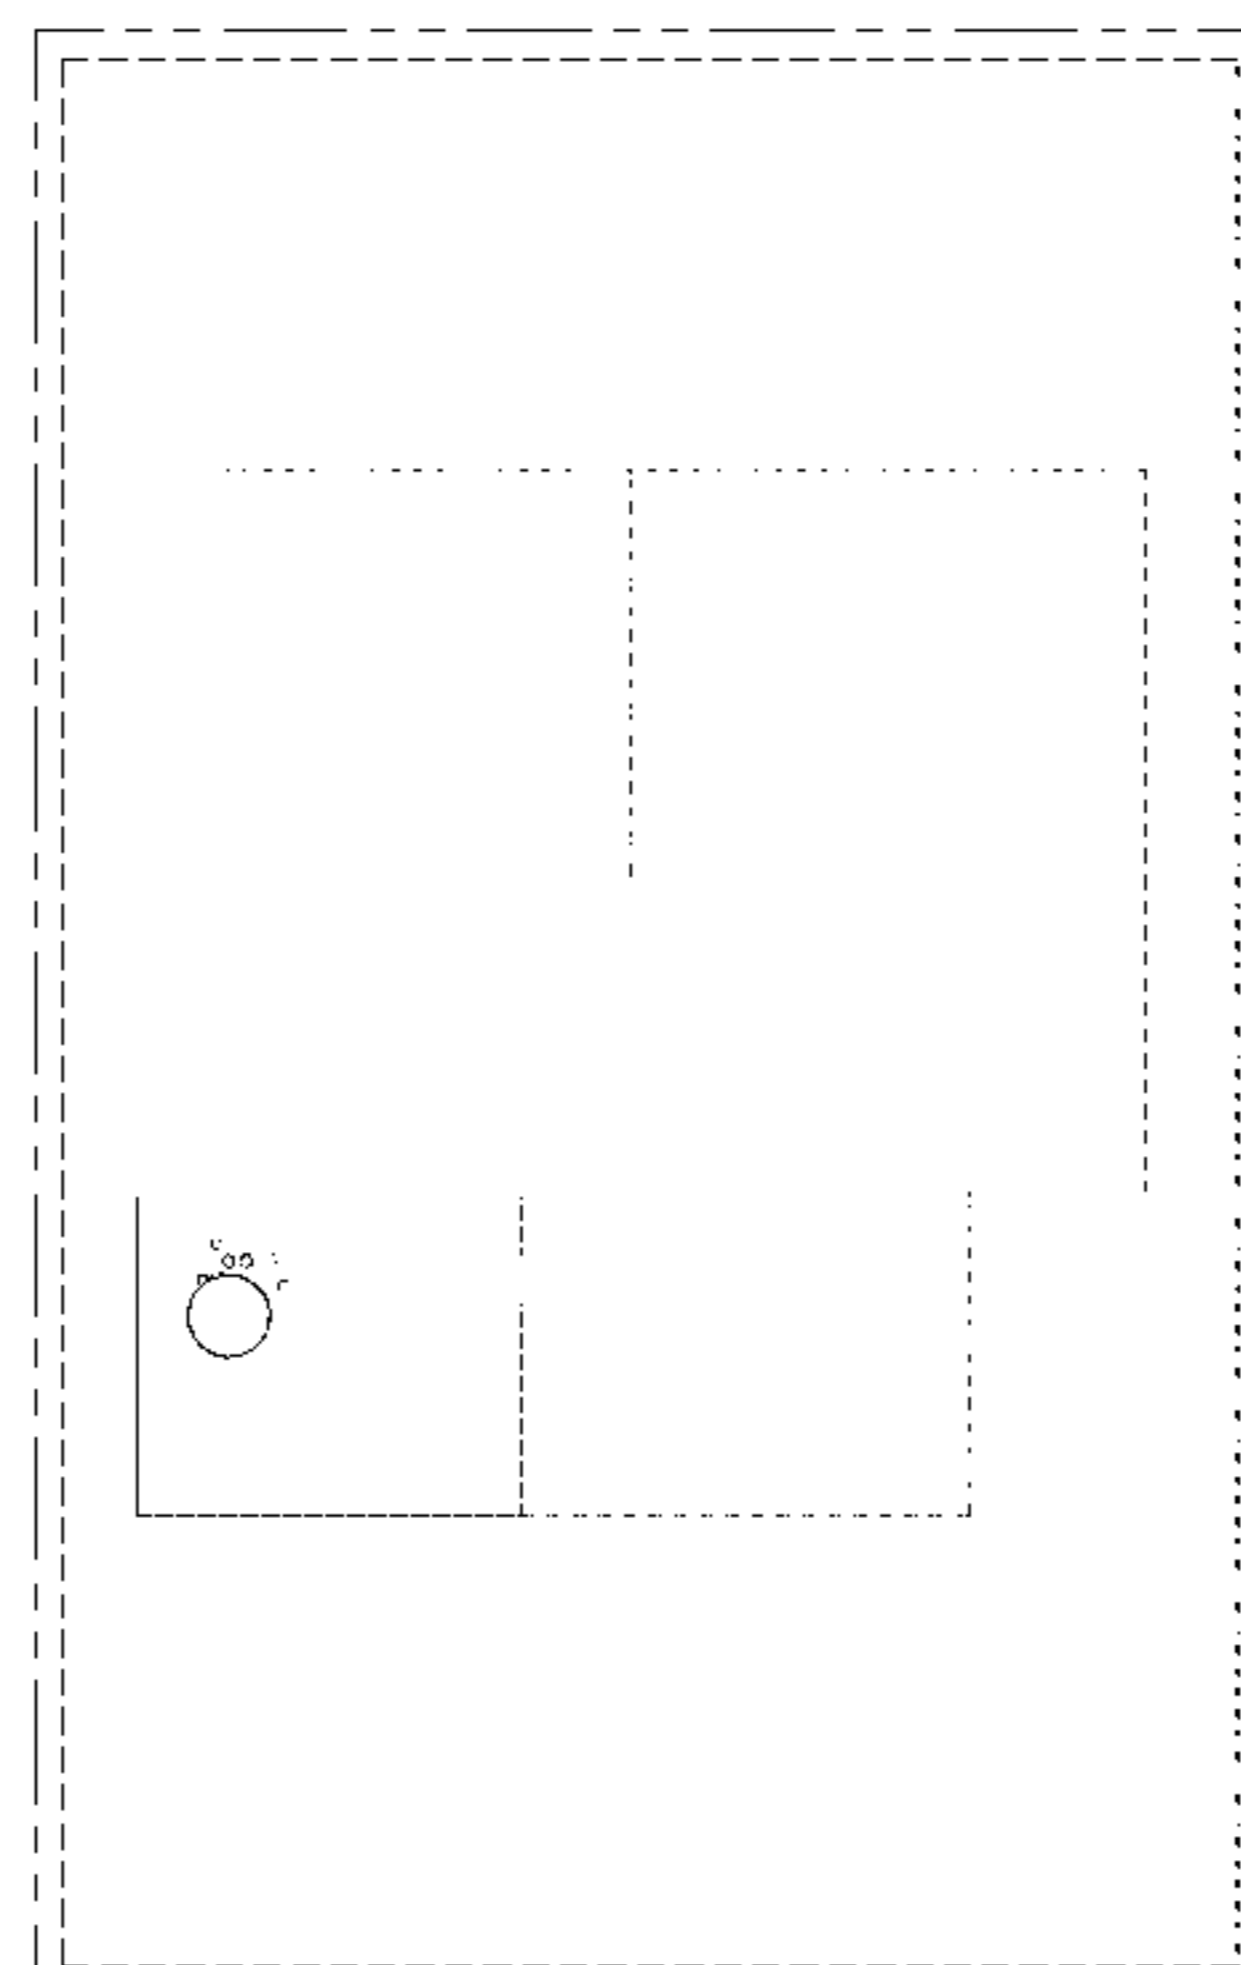

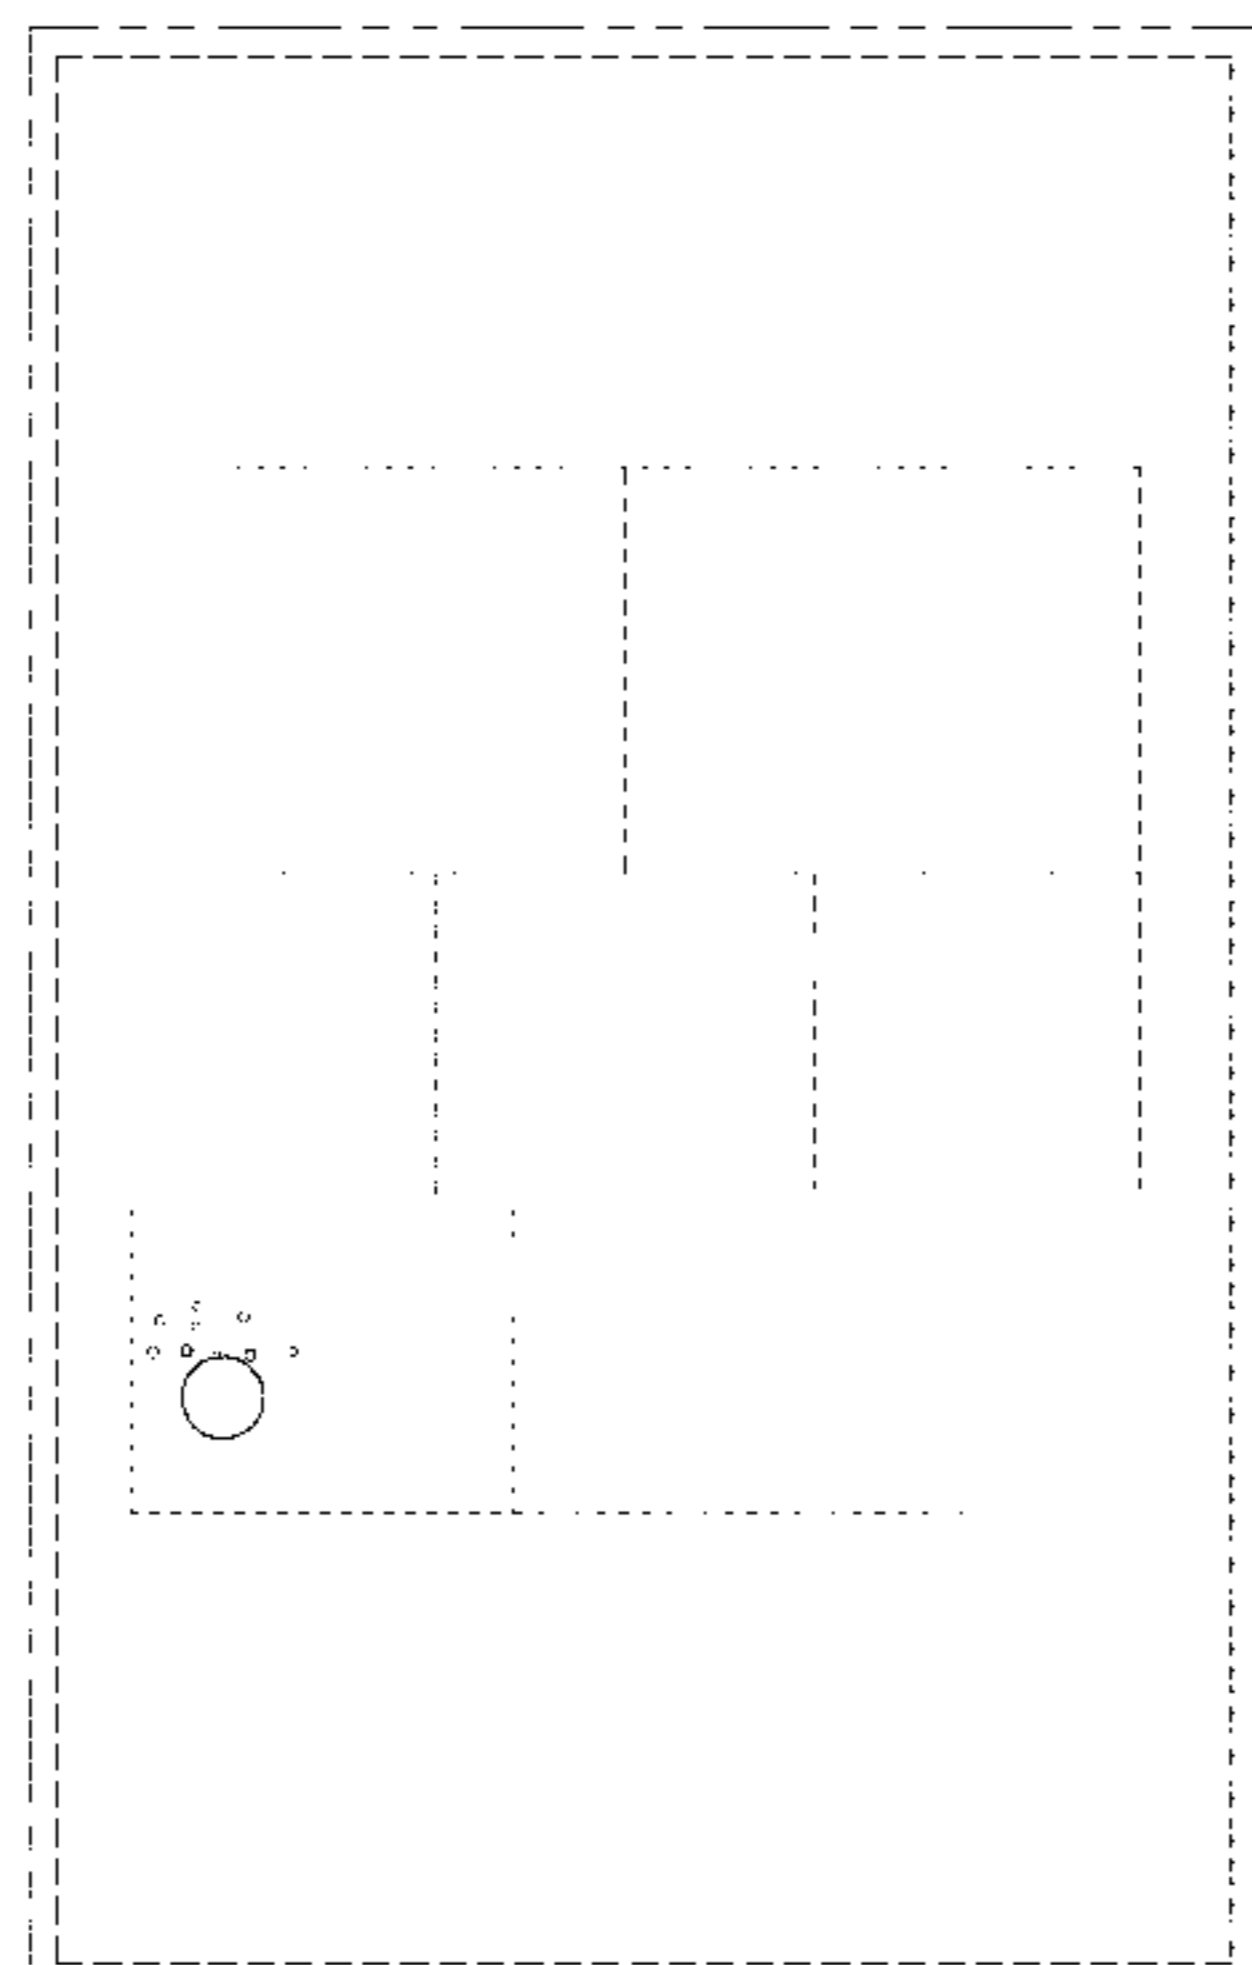

FIG. 1 is the first front view image in a sequence for a display screen or portion thereof with animated graphical user interface showing our new design; FIG. 2 is the second front view image thereof; FIG. 3 is the third front view image thereof; FIG. 4 is the fourth front view image thereof; FIG. 5 is the fifth front view image thereof; and, FIG. 6 is the sixth front view image thereof.

The dot-dot-dash broken lines illustrate a display screen or portion thereof. The dash-dash broken lines illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.

The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another forms no part of the claimed design.
