(57) **CLAIM**

The ornamental design for a watering can, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of the watering can according to a first embodiment;
 FIG. 2 is a front view of the watering can according to the first embodiment;
 FIG. 3 is a back view of the watering can according to the first embodiment;
 FIG. 4 is a top view of the watering can according to the first embodiment;
 FIG. 5 is a bottom view of the watering can according to the first embodiment;
 FIG. 6 is a right side view of the watering can according to the first embodiment;
 FIG. 7 is a left side view of the watering can according to the first embodiment;
 FIG. 8 is another isometric view of the watering can according to the first embodiment;
 FIG. 9 is another isometric view of the watering can according to a second embodiment;
 FIG. 10 is another front view of the watering can according to the second embodiment;
 FIG. 11 is another back view of the watering can according to the second embodiment;
 FIG. 12 is another top view of the watering can according to the second embodiment;
 FIG. 13 is another bottom view of the watering can according to the second embodiment;
 FIG. 14 is another right side view of the watering can according to the second embodiment;
 FIG. 15 is another left side view of the watering can according to the second embodiment; and,
 FIG. 16 is another isometric view of the watering can according to the second embodiment.
 The broken lines in the drawings depict environmental subject matter only and form no part of the claimed design.
