(57) **CLAIM**
The ornamental design for a cross member extrusion, as shown and described.

DESCRIPTION
FIG. 1 is a perspective view of a cross member extrusion showing my new design; and, FIG. 2 is an end elevational view of the cross member extrusion of FIG. 1. The cross member extrusion is shown with a symbolic break in its length. The appearance of any portion of the cross member extrusion between the break lines forms no part of the claimed design.
