(57) **CLAIM**

The ornamental design for a vertical member extrusion, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a vertical member extrusion showing my new design; and,
 FIG. 2 is an end elevational view of the vertical member extrusion of FIG. 1.
 The vertical member extrusion is shown with a symbolic break in its length. The appearance of any portion of the vertical member extrusion between the break lines forms no part of the claimed design.

See application file for complete search history.
