(57) **CLAIM**

We claim the ornamental design for a I-beam connecting rod, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the I-beam connecting rod of the present invention.
FIG. 2 is a front elevational view of the I-beam connecting rod of the present invention.
FIG. 3 is a right side elevational view of the I-beam connecting rod of the present invention.
FIG. 4 is a left side elevational view of the I-beam connecting rod of the present invention.
FIG. 5 is a rear elevational view of the I-beam connecting rod of the present invention.
FIG. 6 is a top view of the I-beam connecting rod of the present invention; and,
FIG. 7 is a bottom view of the I-beam connecting rod of the present invention.
