(57) **CLAIM**

The ornamental design for an electric motor, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of an electric motor showing our new design;

FIG. 2 is a back elevational view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a left side elevational view thereof; and,

FIG. 7 is a perspective view taken generally from the upper, front, right-hand side thereof.

The broken lines in the drawing views represent unclaimed portions of an electric motor, which are included for the purpose of illustrating unclaimed environment only, and forms no part of the claimed design.
