(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view showing my new design for a display screen with graphical user interface. The innermost rectangular broken line defines the bounds of the claimed design and forms no part thereof. The broken line showing outside the innermost rectangular broken line is included for the purpose of illustrating environmental structure and forms no part of the claimed design. The broken line showing of “\$978” is included for the purpose of illustrating portions of the article and forms no part of the claimed design. The dashed lines in an “X” configuration do form a part of the claimed design.
