(57) **CLAIM**

The ornamental design for a portion of a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a portion of a display screen with graphical user interface showing our new design;

FIG. 2 is a front view of a second embodiment of a portion of a display screen with graphical user interface showing our new design;

FIG. 3 is a front view of a third embodiment of a portion of a display screen with graphical user interface showing our new design;

FIG. 4 is a front view of a fourth embodiment of a portion of a display screen with graphical user interface showing our new design; and,

FIG. 5 is a front view of a fifth embodiment of a portion of a display screen with graphical user interface showing our new design.

The dash-dot lines in the drawings show the bounds of the claim and form no part of the claimed design. The evenly-spaced broken lines in the drawings show a portion of a display screen that forms no part of the claimed design.

1 Claim, 3 Drawing Sheets
