(57) **CLAIM**

The ornamental design for display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image in a sequence of a first embodiment of a display screen with animated graphical user interface, showing our new design;

FIG. 2 is a second image thereof;

FIG. 3 is a third image thereof;

FIG. 4 is a first image in a sequence of a second embodiment of a display screen with animated graphical user interface, showing our new design;

FIG. 5 is a second image thereof; and,

FIG. 6 is a third image thereof.

The appearance of the first and second embodiments of the animated graphical user interface sequentially transition between the images shown in FIGS. 1-3 and FIGS. 4-6, respectively. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines of uneven length show the display screen and form no part of the claimed design. The broken lines of even length shown in the drawing illustrate portions of the display screen with animated graphical user interface that form no part of the claimed design.

1 Claim, 6 Drawing Sheets
