DESCRIPTION

FIG. 1 is a front view of a duplex, point-to-point wireless radio antenna system in accordance with the present invention.

FIG. 2 is an isometric view of the duplex, point-to-point wireless radio antenna system of FIG. 1.

FIG. 3 is a side view thereof (both right and left side views are identical).

FIG. 4 is a back view thereof; and,

FIG. 5 is a top view thereof (both top and bottom views are identical).

The broken lines within the claimed design are for illustrative purposes only. None of the broken lines form a part of the claimed design.

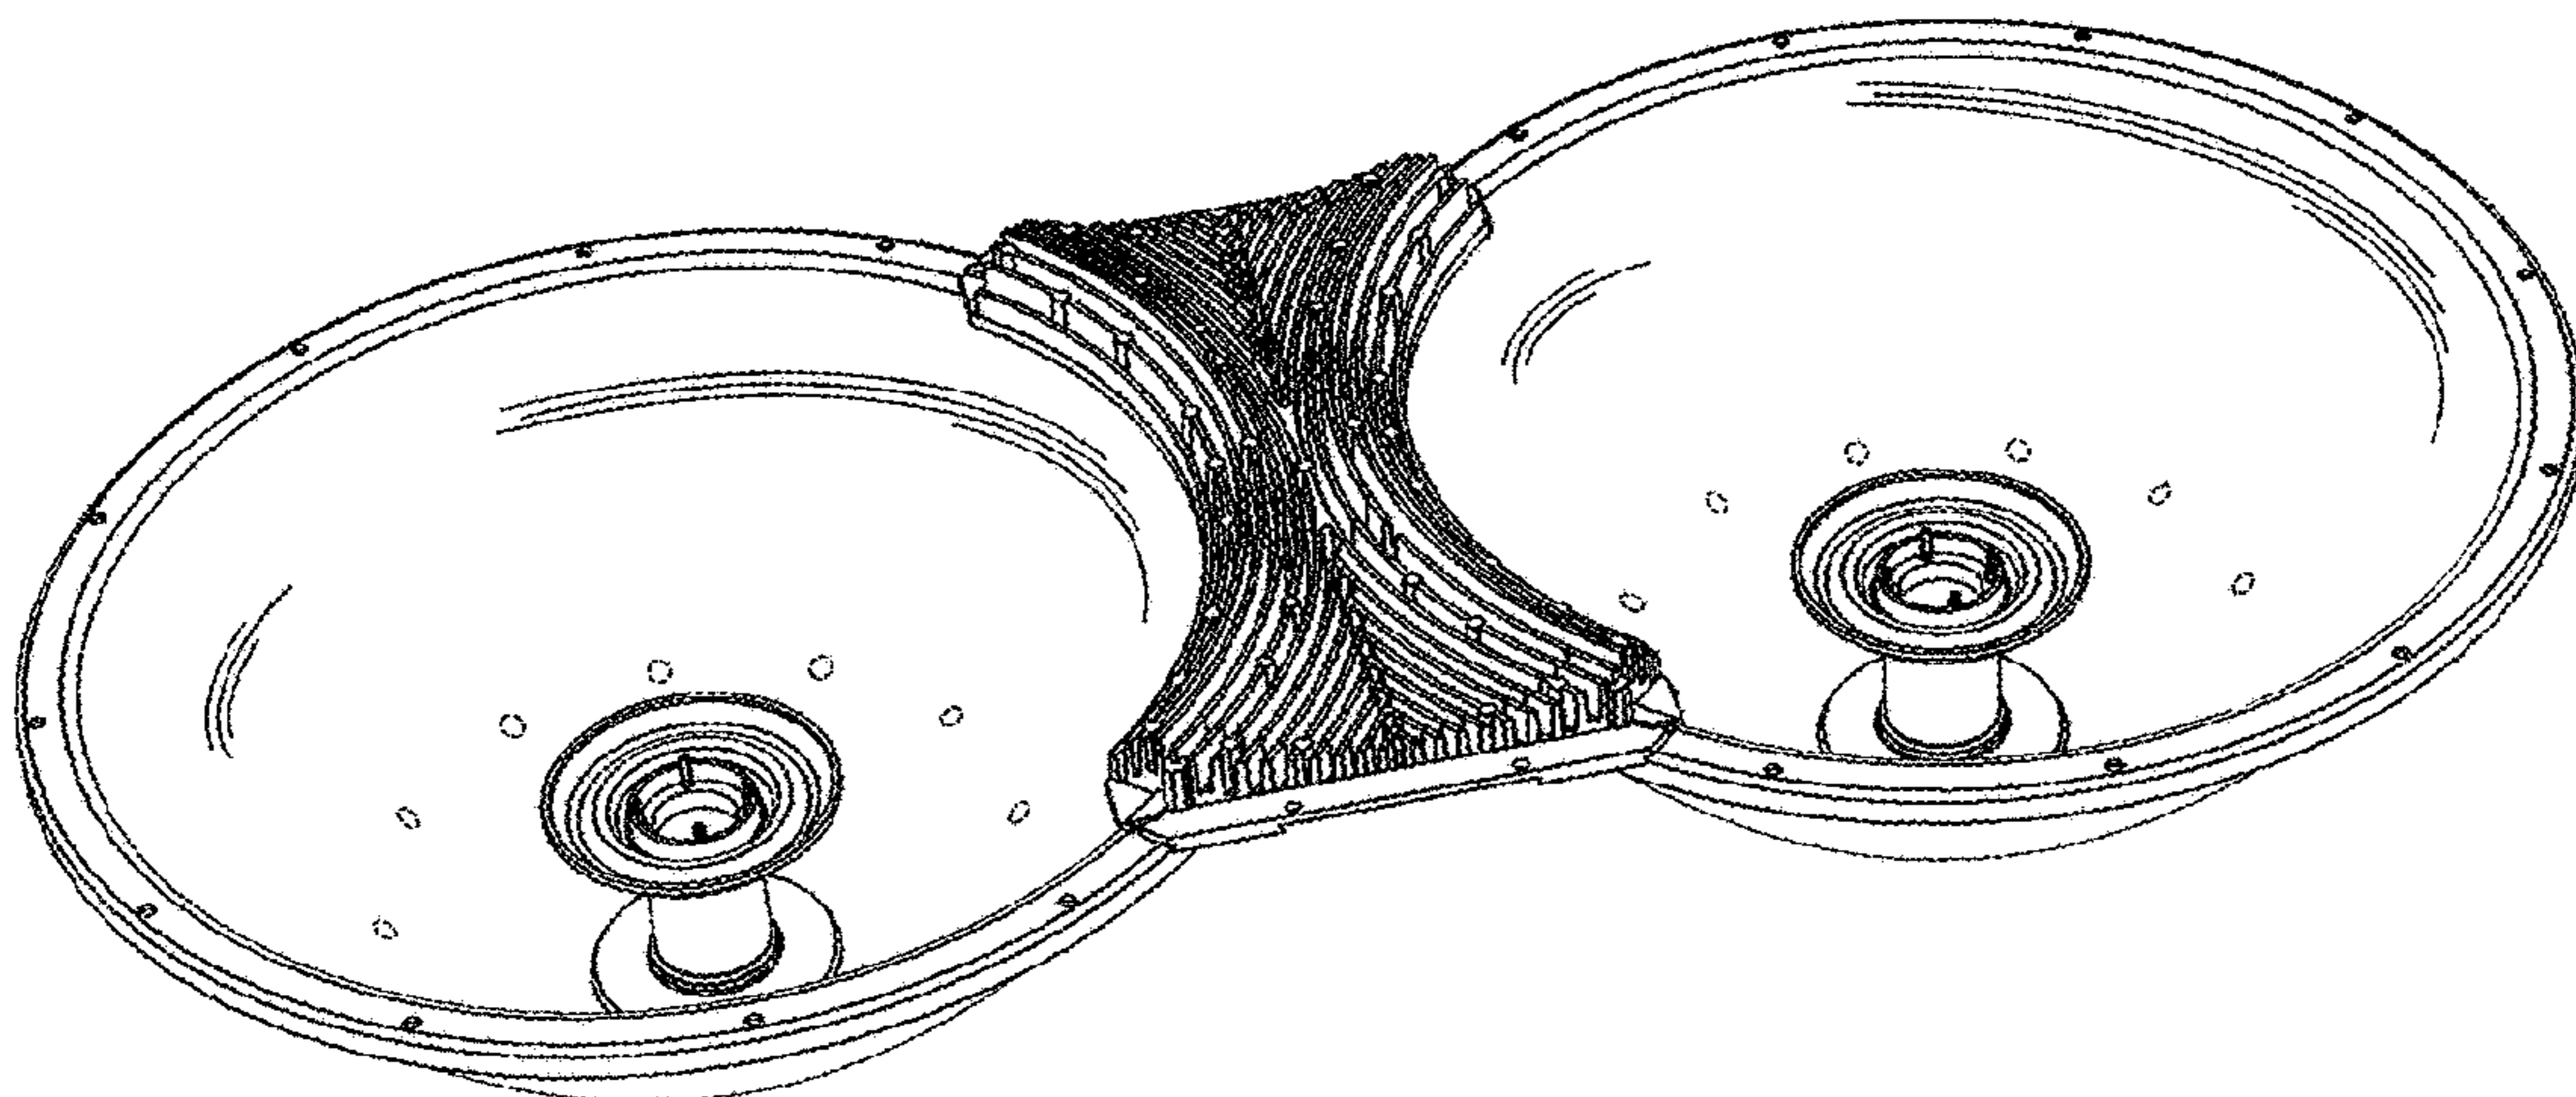

See application file for complete search history.
