(57) **CLAIM**

I claim the ornamental design for a docking station, as shown and described.

**DESCRIPTION**

FIG. 1 is a front, top, right side perspective view of a docking station;  
 FIG. 2 is a front, bottom, left side perspective view of the docking station;  
 FIG. 3 is a top view of the docking station;  
 FIG. 4 is a front view of the docking station;  
 FIG. 5 is a bottom view of the docking station;  
 FIG. 6 is a rear view of the docking station; and,  
 FIG. 7 is a right side view of the docking station, a left side being a mirror image thereof.

The broken lines shown at a bottom surface in FIGS. 1, 2, 4, 5, 6, and 7 depict a portion of the docking station that forms no part of the claimed design, while the remaining broken lines showing a docked electronic device in FIGS. 1, 3, 4, and 7 and a cord in FIG. 7 depict environmental subject matter only and form no part of the claim. The broken lines immediately adjacent to shaded surfaces define the boundary of the claim, which extends to the boundary but does not include the boundary.

**1 Claim, 7 Drawing Sheets**
