(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The parallel set of broken lines surrounding the perimeter of the graphical user interface represent the display screen while all other broken lines represent portions of the display screen; all broken lines are included for the purpose of illustrating portions of the article and form no part of the claimed design.
