(57) **CLAIM**

The ornamental design for a hood for preventing the discharge of debris from a wastewater collection basin, as shown and described.

DESCRIPTION

FIG. 1 is a left, front perspective view showing my new design;
FIG. 2 is a right, front perspective view thereof;
FIG. 3 is a left, rear perspective thereof;
FIG. 4 is a front elevational view thereof, a typical discharge conduit behind the hood being represented by the circle in phantom lines;
FIG. 5 is a right side elevational view thereof, the left side being a mirror image thereof;
FIG. 6 is a rear elevational view thereof;
FIG. 7 is a top plan view thereof;
FIG. 8 is a bottom plan view thereof; and,
FIG. 9 is a perspective view of the hood mounted in placement on a collection basin, which is broken away to show the hood.
The broken lines shown in FIG. 9 show a representative collection basin in which the hood device is typically mounted and do not form a part of the design.

1 Claim, 7 Drawing Sheets
