See application file for complete search history.

FIG. 1 is a rear perspective view of a mobile phone showing our new design;

FIG. 2 is a front view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a left side view thereof;

FIG. 5 is a right side view thereof;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof; and,

FIG. 8 is a front perspective view thereof.

The dash-dot broken lines and the evenly spaced broken lines, in the FIGS. 4 and 7 views, immediately adjacent to the claim represent the bounds of the claimed design while all other broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design. The unshaded surface within the solid line structure near the center rear top edge forms no part of the claimed design. The two longer evenly spaced broken lines centered on the long axis of the rear surface depict stitch lines and are part of the claimed design.
