(57) **CLAIM**

The ornamental design for an onboard vehicle device with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a first embodiment of an onboard vehicle device with graphical user interface showing our new design; and, FIG. 2 is a front elevational view of a second embodiment of the onboard vehicle device with graphical user interface. The broken lines shown in the drawings are included for purposes of illustrating portions of the onboard vehicle device with graphical user interface and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
