See application file for complete search history.

FIG. 1 is a front elevational view of a laser distance measurer showing my new design;
FIG. 2 is a rear elevational view thereof;
FIG. 3 is a left side elevational view thereof;
FIG. 4 is a right side elevational view thereof;
FIG. 5 is a top plan view thereof;
FIG. 6 is a bottom plan view thereof; and,
FIG. 7 is a front perspective view thereof.
The claimed laser distance measurer is used to measure a straight line distance.
