(57) **CLAIM**

The ornamental design for a camera mount for vehicle attachment, as shown and described.

**DESCRIPTION**

FIG. 1 is a rear view of the camera mount for vehicle attachment with an unclaimed camera coupled to a lower portion of the camera mount;

FIG. 2 is a left side view of the camera mount for vehicle attachment with the bottom of the mount oriented downward;

FIG. 3 is a right side view of the camera mount for vehicle attachment with the bottom of the mount oriented downward;

FIG. 4 is a perspective view of the camera mount for vehicle attachment showing the left, rear, and top of the camera mount with the bottom oriented downward;

FIG. 5 is a perspective view of the camera mount for vehicle attachment showing the left, rear, and bottom of the camera mount with the bottom oriented downward;

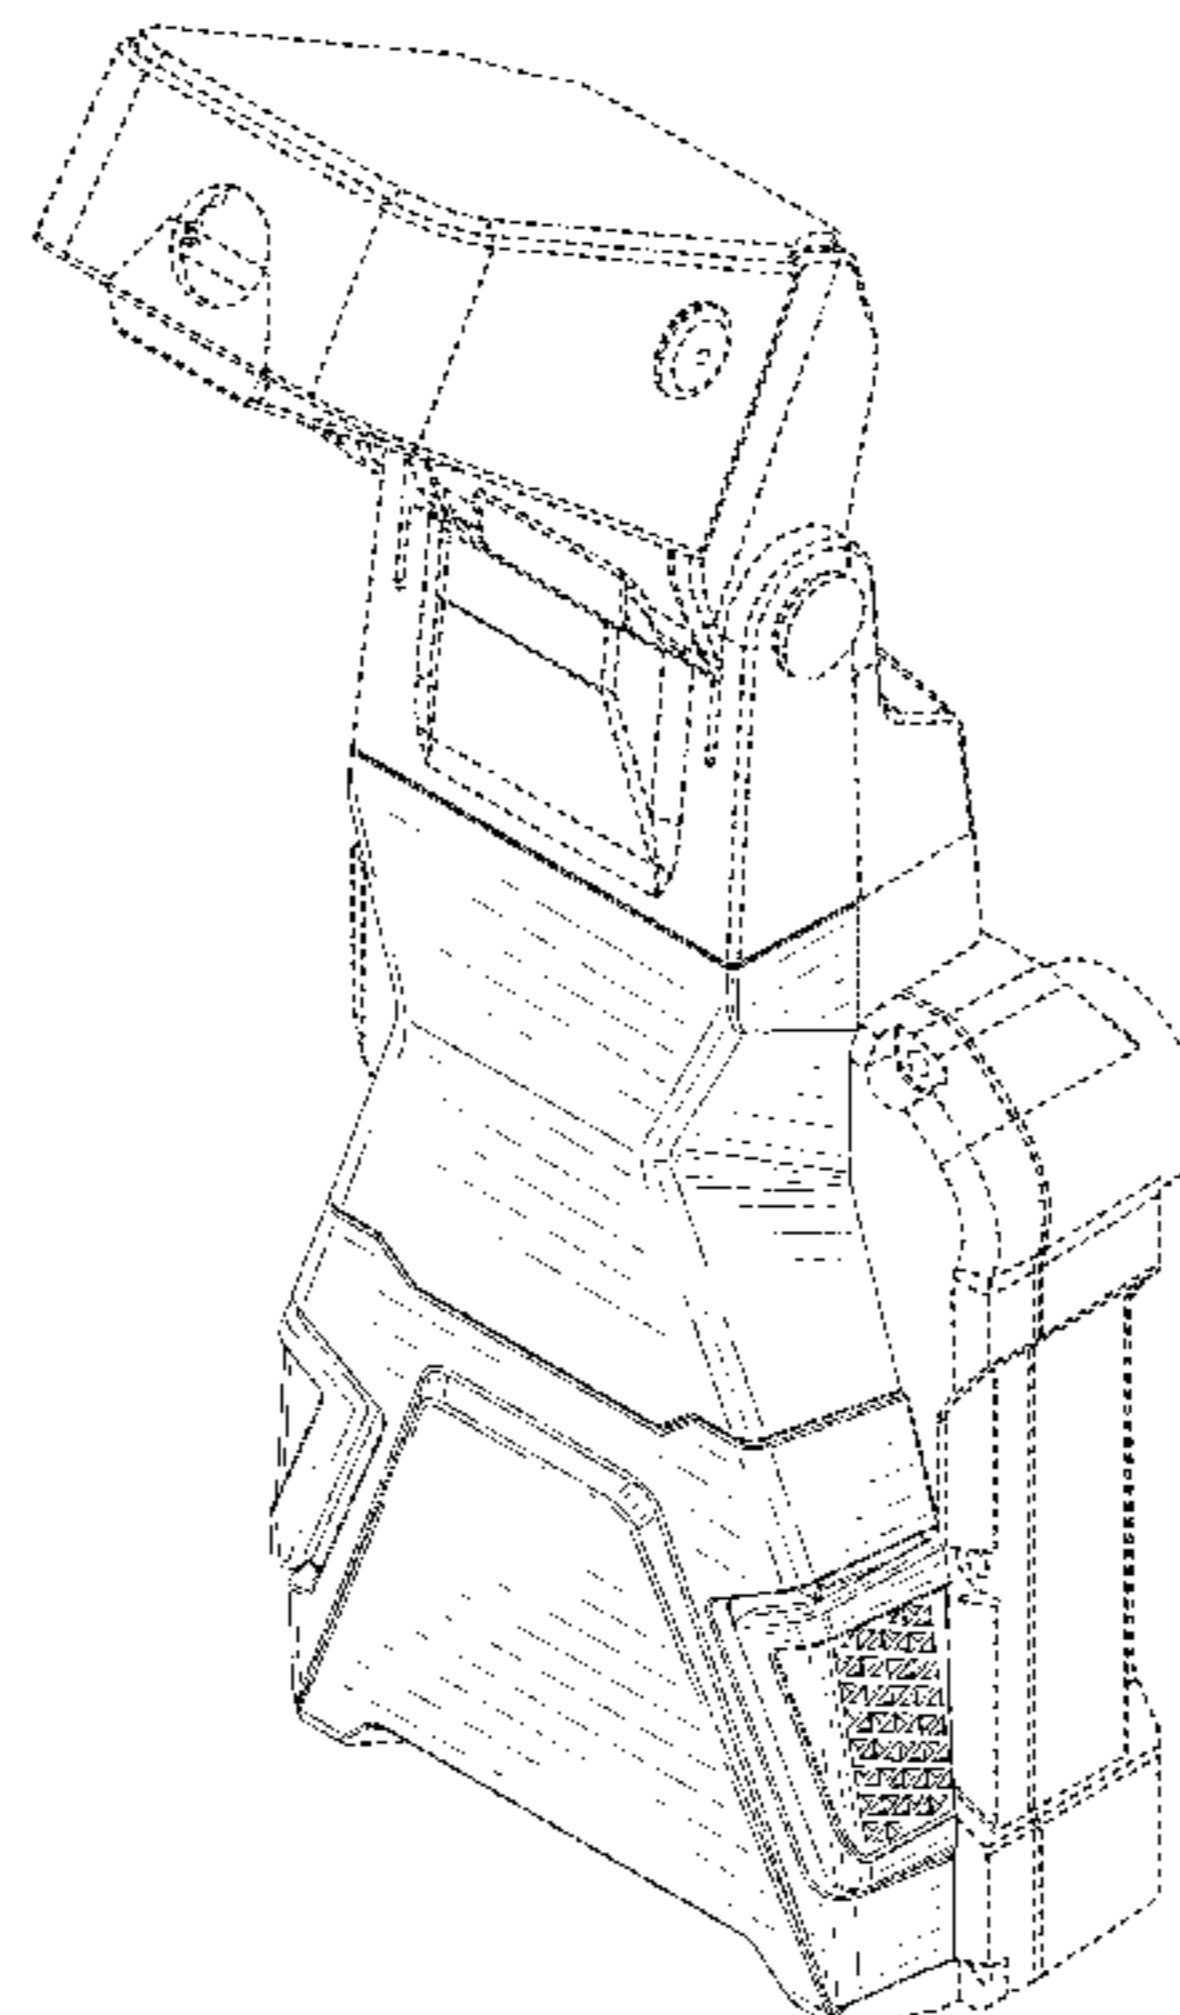

FIG. 6 is a perspective view of the camera mount for vehicle attachment showing the right, front, and top of the camera mount with the bottom oriented downward;

FIG. 7 is a top view of the camera mount for vehicle attachment with the front oriented downward; and,

FIG. 8 is a bottom view of the camera mount for vehicle attachment with the rear oriented downward.

The broken lines in the drawings show environmental structure and form no part of the claimed design.
