(57) **CLAIM**

The ornamental design for a tissue dying machine for adding contrast material to tissue to improve examination for doctors, hospitals and laboratories, as shown and described.

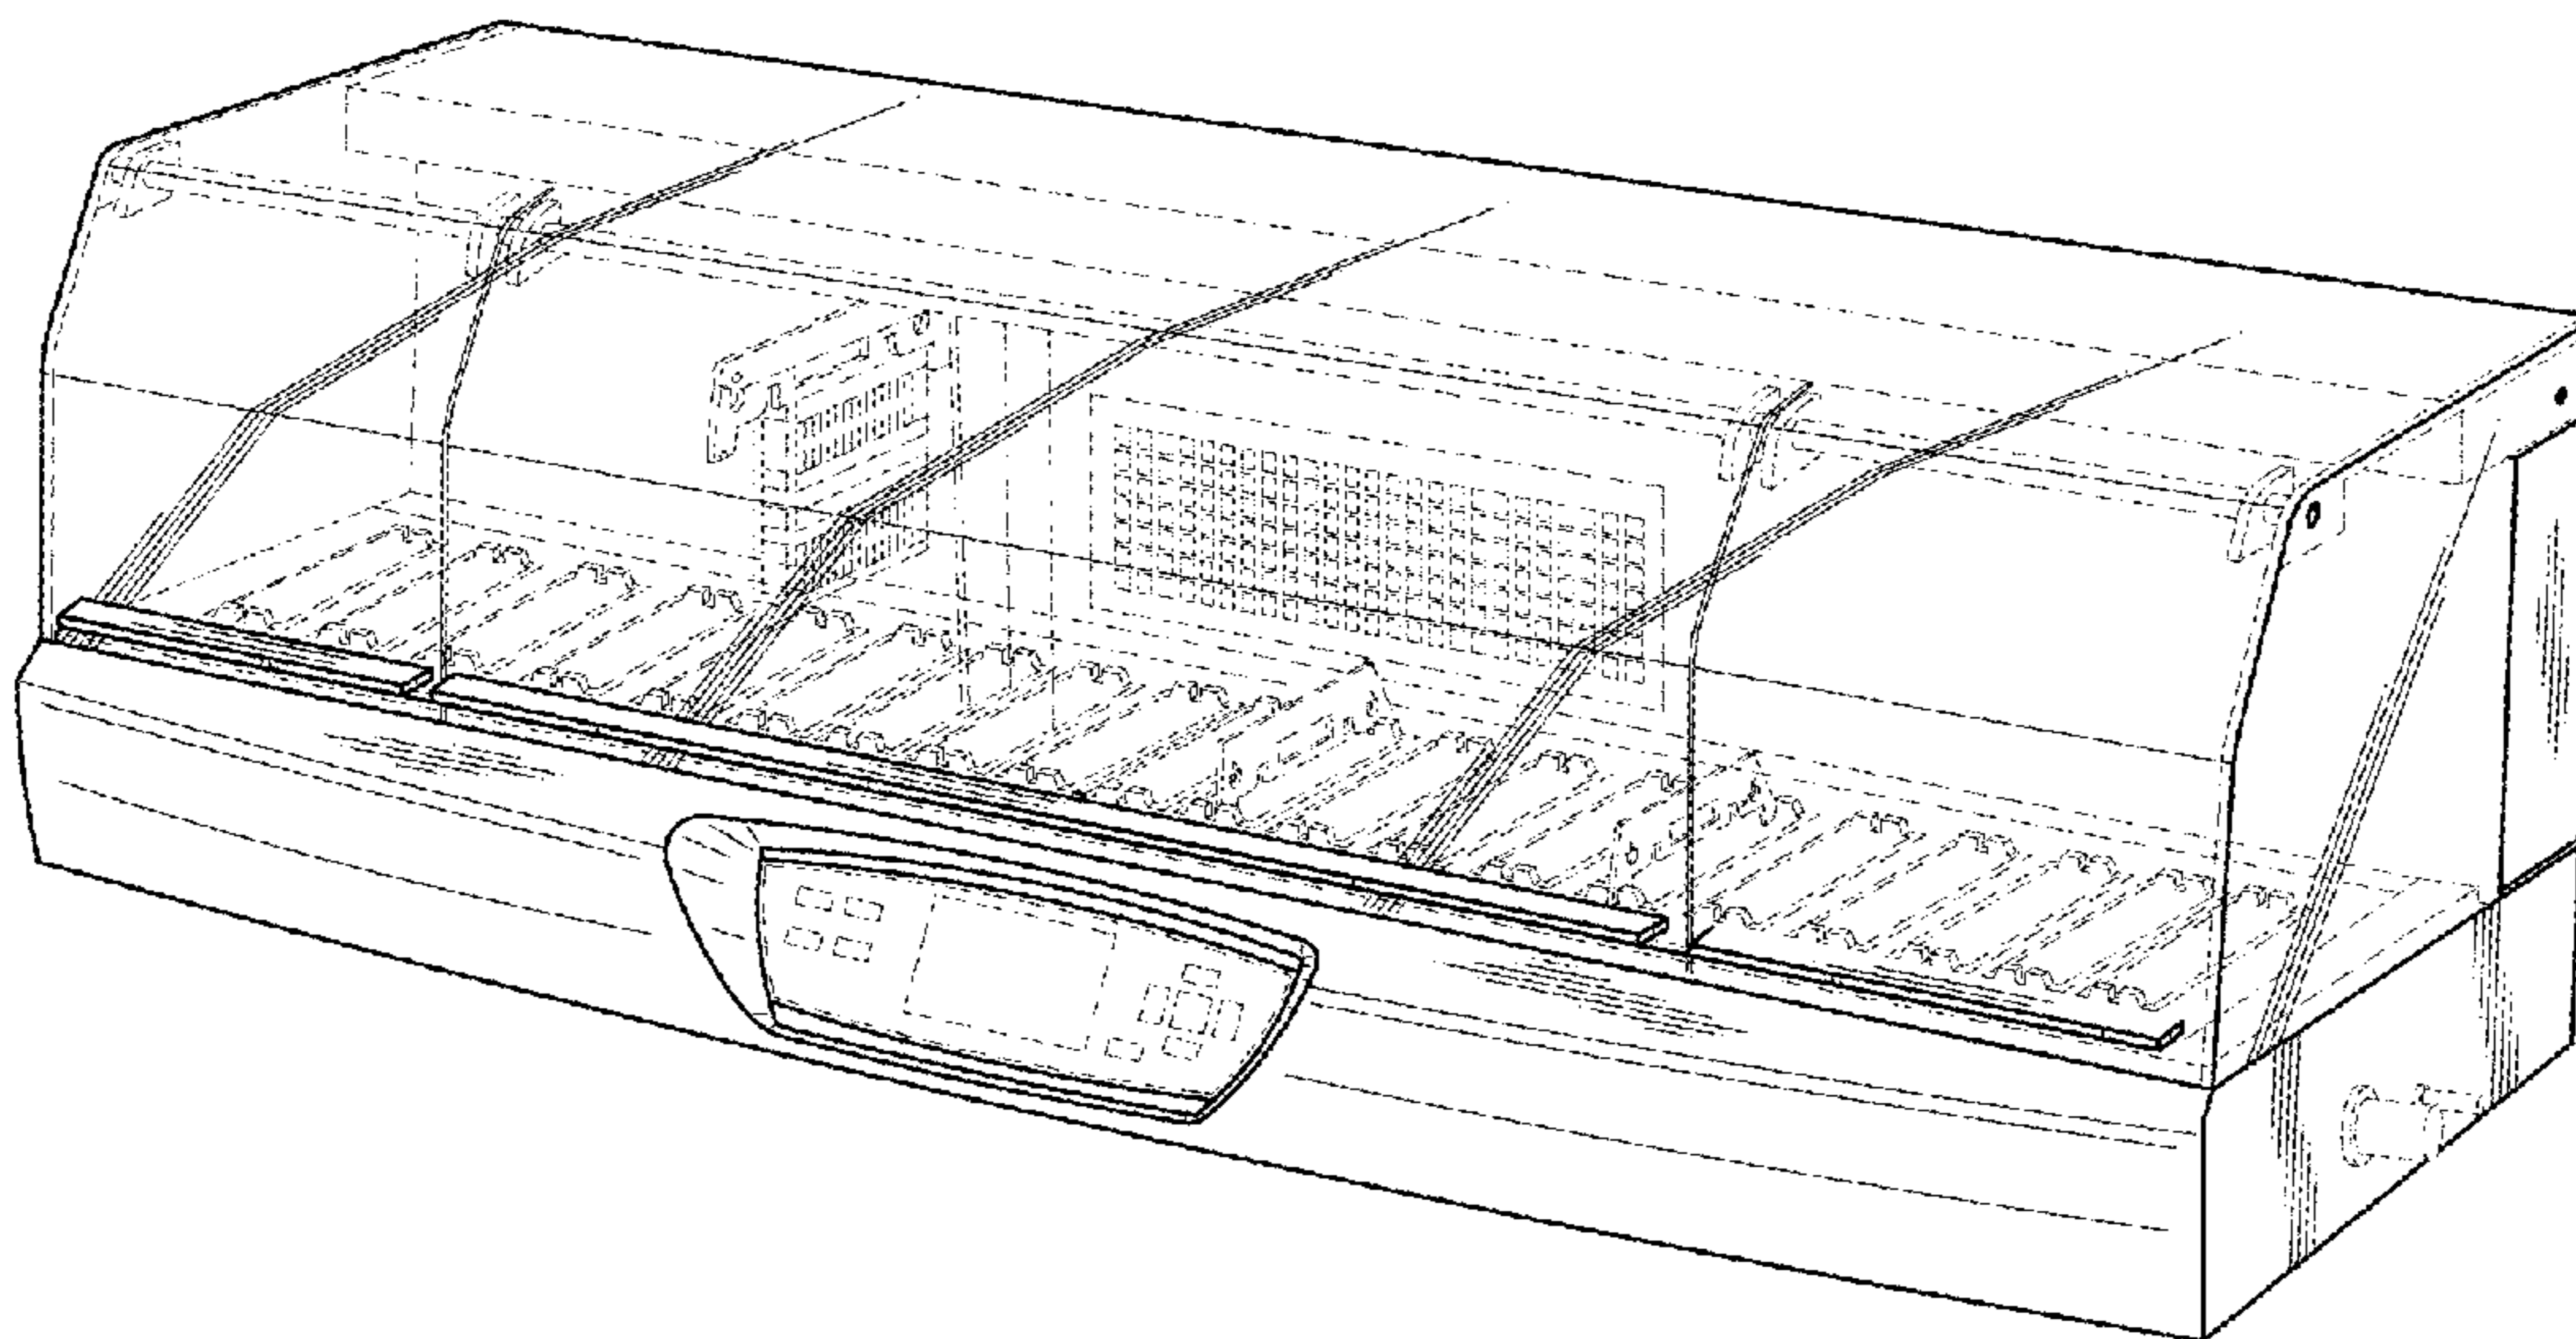

DESCRIPTION

FIG. 1 is a front and top perspective view of a tissue dying machine for adding contrast material to tissue to improve examination for doctors, hospitals and laboratories, showing my new design;

FIG. 2 is a front, top and right side perspective view thereof; FIG. 3 is a right side elevational view thereof; FIG. 4 is a left side elevational view thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a bottom plan view thereof; and, FIG. 7 is a rear elevational view thereof.

The broken lines shown in the drawings illustrating portions of the tissue dying machine for adding contrast material to tissue to improve examination thereof for doctors, hospitals and laboratories that form no part of the claimed design.

1 Claim, 7 Drawing Sheets
