(57) **CLAIM**

The ornamental design for a virtual reality terminal helmet, as shown and described.

DESCRIPTION

FIG. **1** is a front view of a virtual reality terminal helmet according to the present application;
FIG. **2** is a rear view of the virtual reality terminal helmet according to the present application;
FIG. **3** is a left view of the virtual reality terminal helmet according to the present application;
FIG. **4** is a right view of the virtual reality terminal helmet according to the present application;
FIG. **5** is a top view of the virtual reality terminal helmet according to the present application;
FIG. **6** is a bottom view of the virtual reality terminal helmet according to the present application; and,
FIG. **7** is a perspective view of the virtual reality terminal helmet according to the present application.
