(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with animated graphical user interface of a first image showing our new design;

FIG. 2 is a front view of the second image;

FIG. 3 is a front view of the third image;

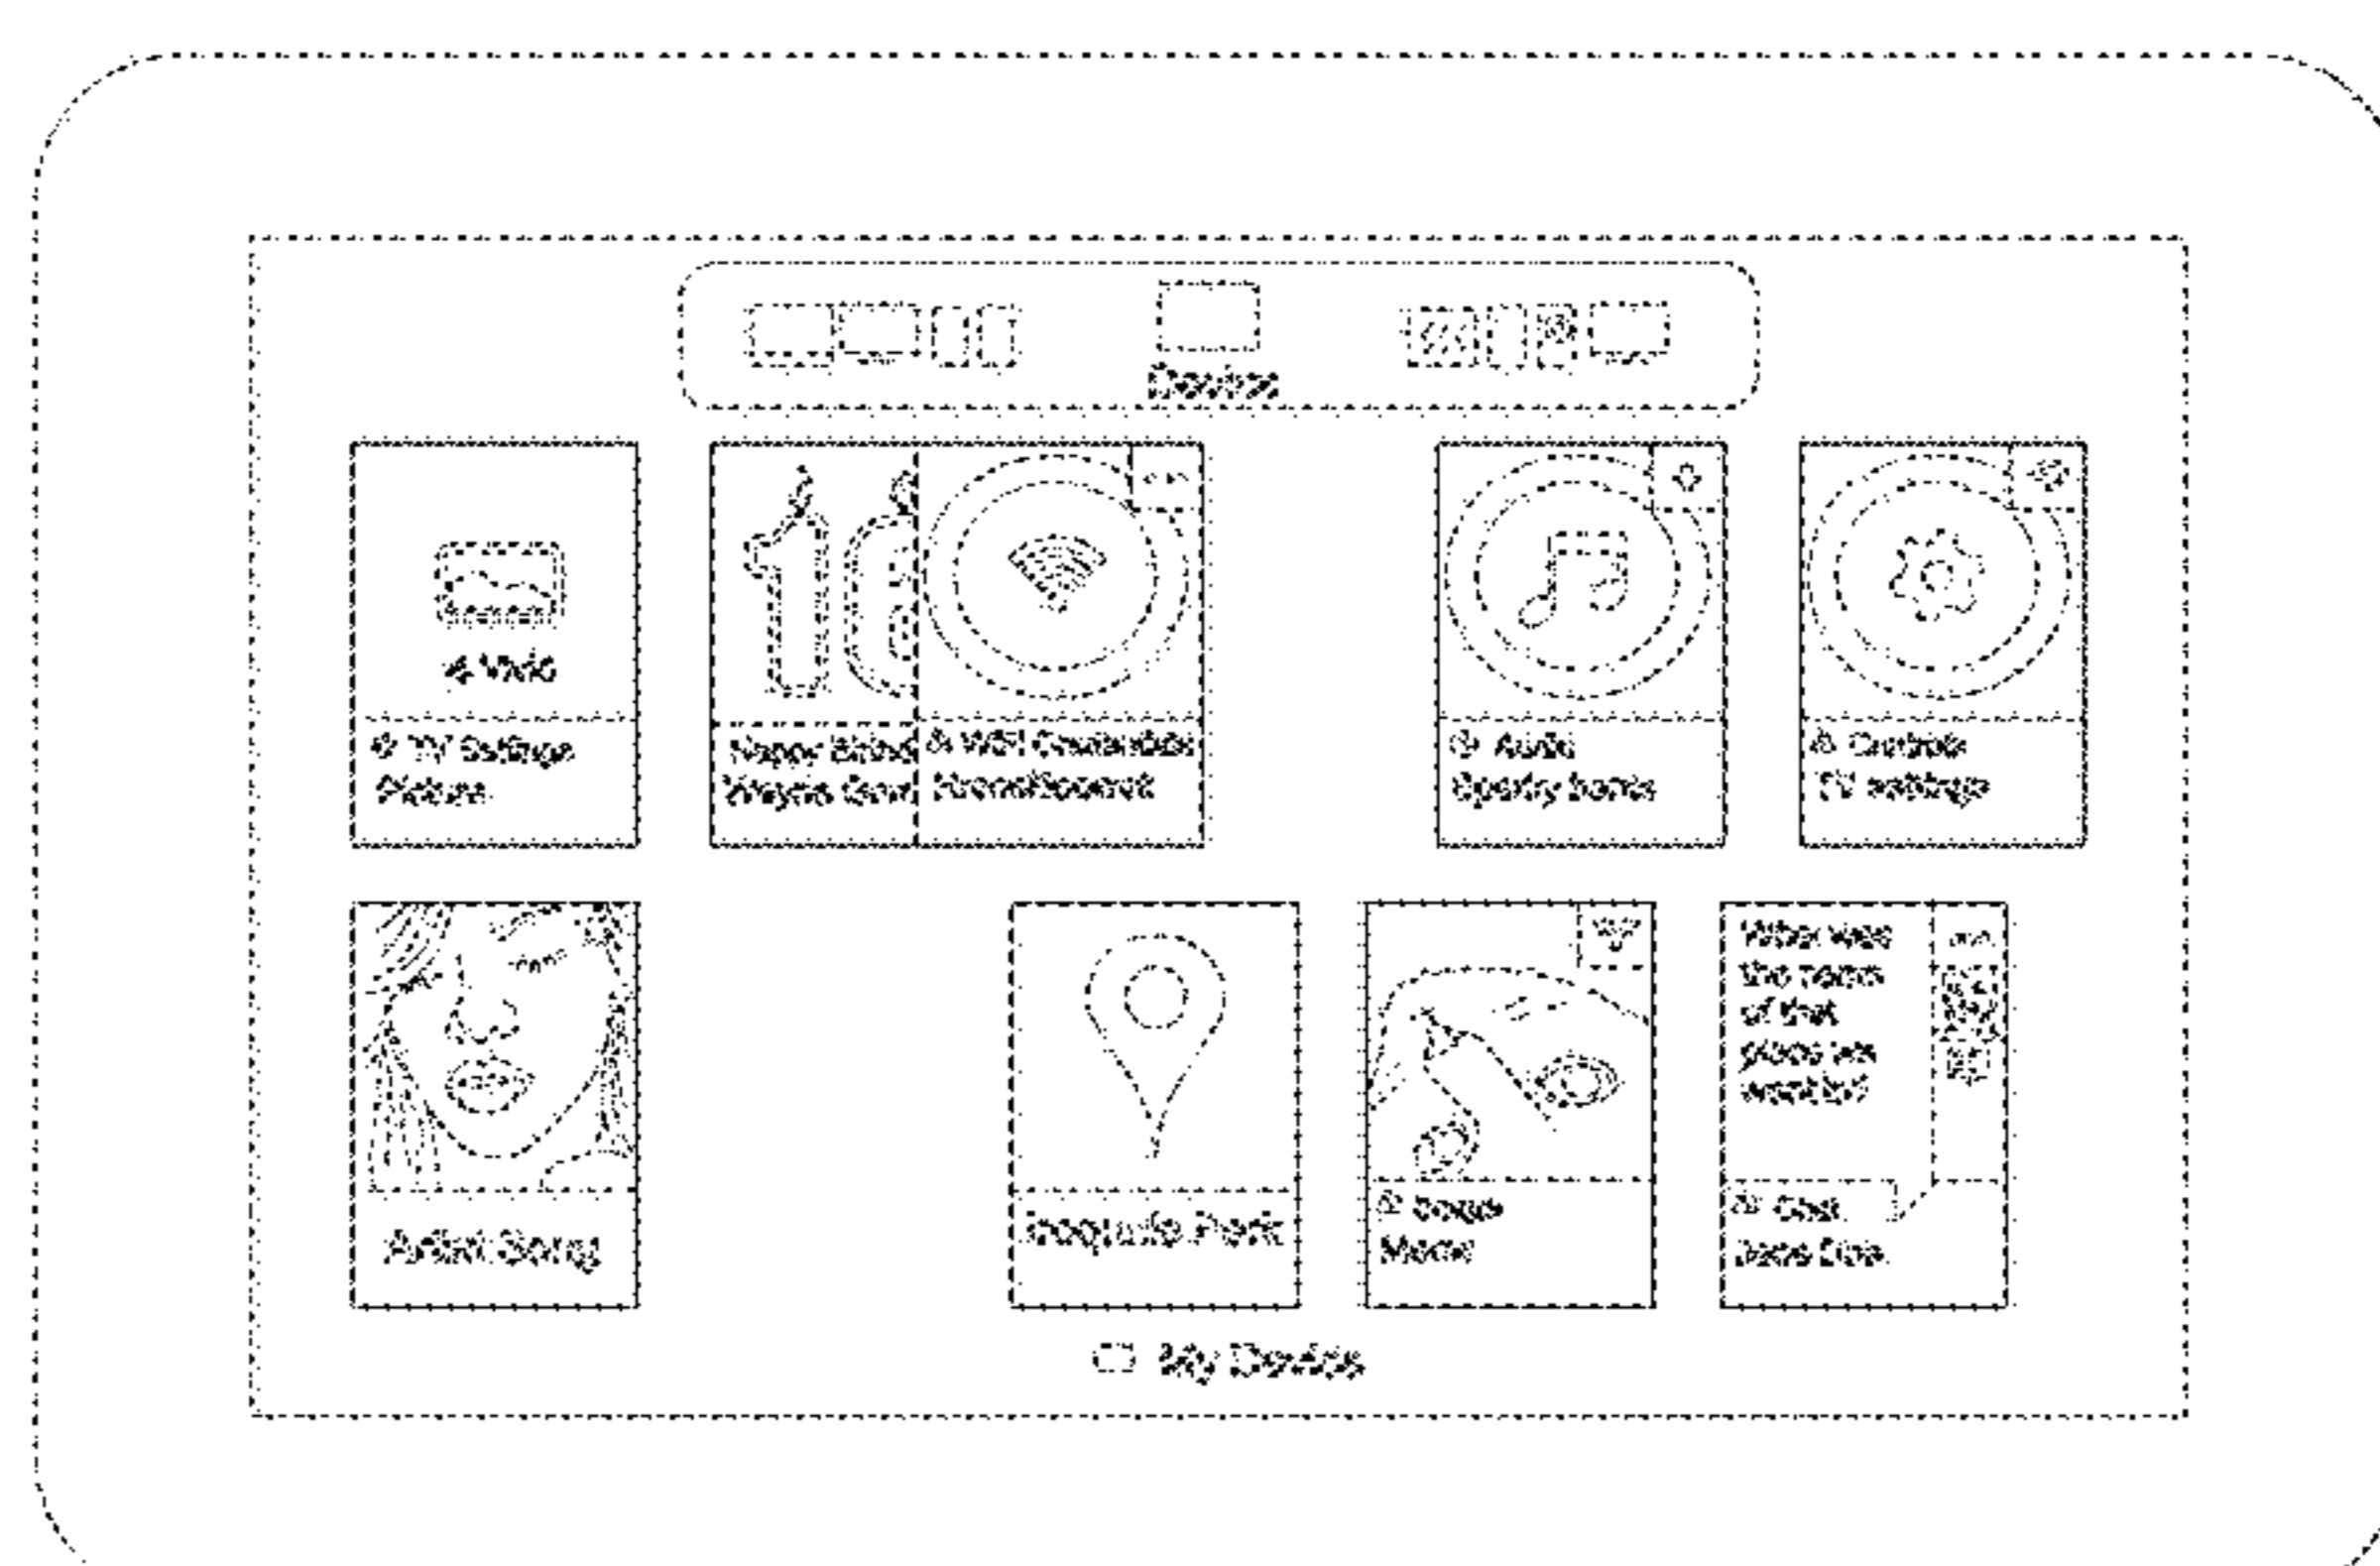

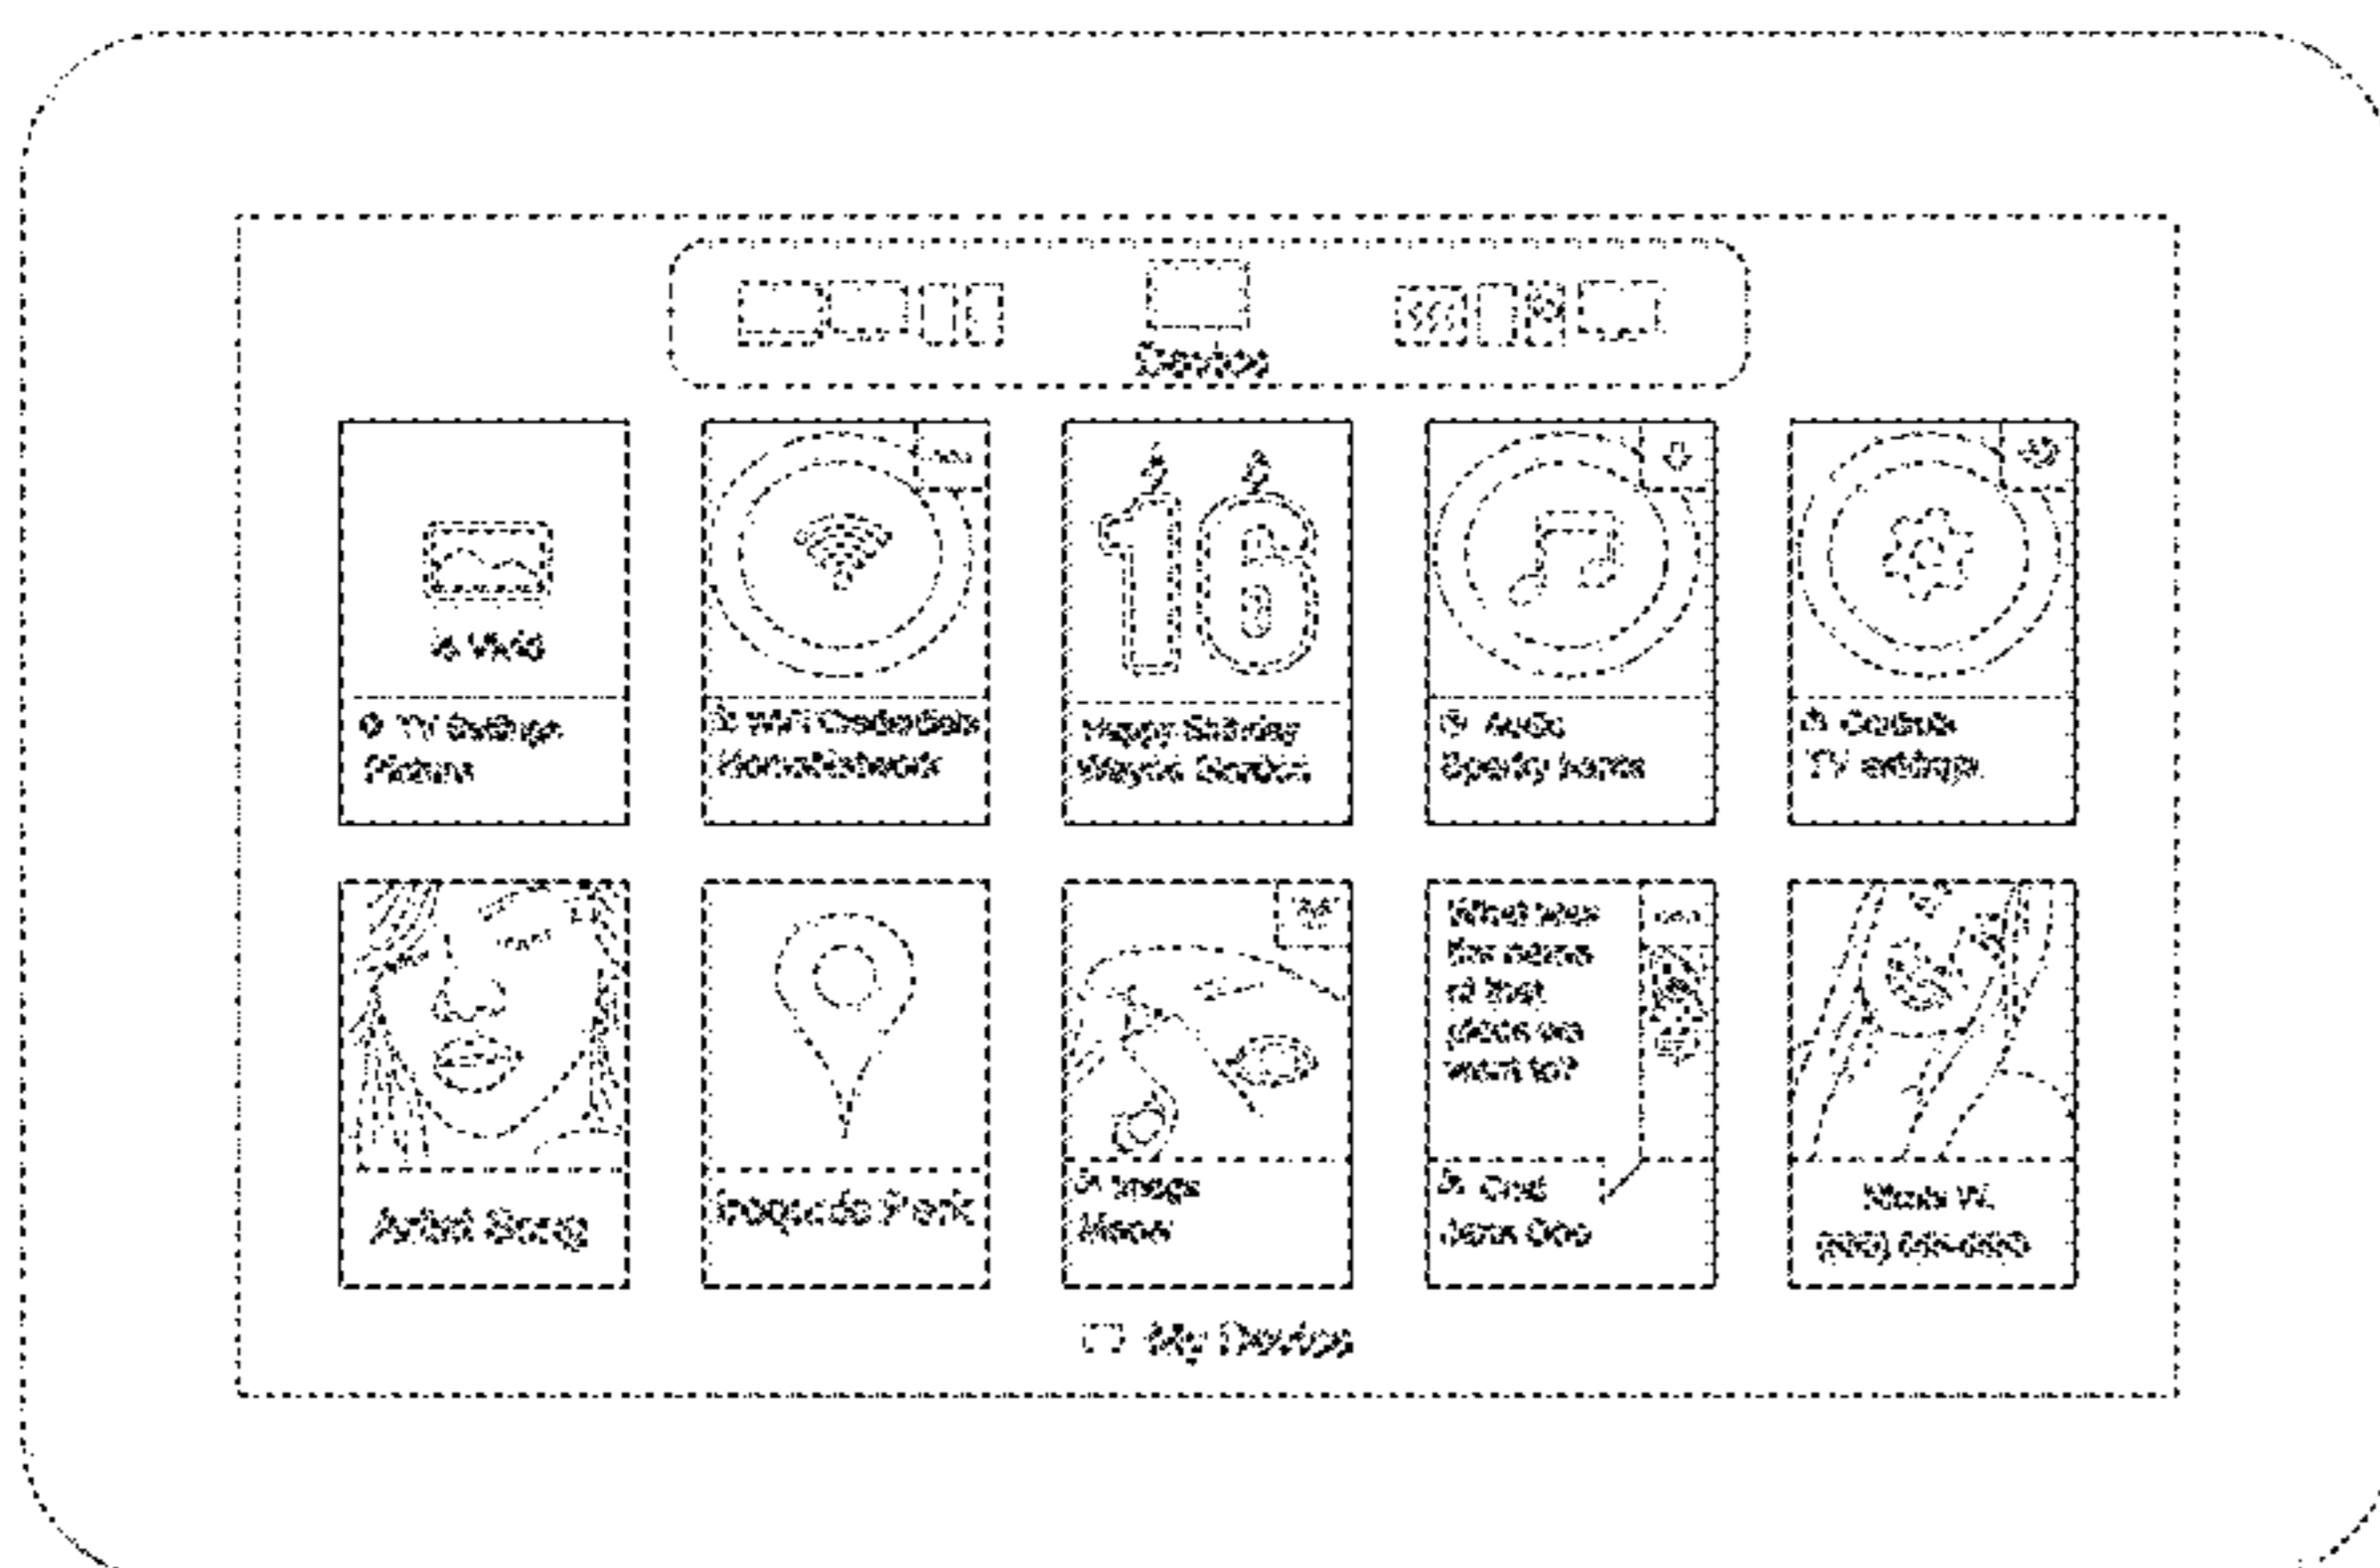

FIG. 4 is a front view of the fourth image; and,

FIG. 5 is a front view of the fifth image.

The appearance of the graphical user interface transitions sequentially among the images shown in FIGS. 1-5. The process or period in which one image transitions to another forms no part of the claimed design.

The outermost broken lines showing an electronic device illustrates environment, whereas the broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article. No subject matter shown in broken lines form part of the claimed design.
