(57) **CLAIM**  
The ornamental design for a computer cover, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view taken from the front, right side and top of a computer cover of the present design, with top part positioned adjacent bottom part in a position similar to how they would be when attached to a computer.  
FIG. 2 is a front elevation view of the computer cover of FIG. 1, shown with the top part over the bottom part.  
FIG. 3 is a rear elevation view of the computer cover of FIG. 1, shown with the top part over the bottom part.  
FIG. 4 is a right elevation view of the computer cover with top part and bottom part shown in position the same relative position as in FIG. 2.  
FIG. 5 is an exploded perspective view taken from the front, right side and top of the computer cover with the top part and the bottom part shown in position the same relative position as in FIG. 2.  
FIG. 6 is a left elevation view of the computer cover with top part and bottom part shown in position the same relative position as in FIG. 2.  
FIG. 7 is a top plan view of the bottom part of the computer cover, showing an interior surface which will be adjacent a computer, when disposed thereon; and,  
FIG. 8 is a top plan view of the top part of the computer cover of FIG. 1, showing an exterior surface, facing away from a computer and visible when disposed on the computer.
