**DESCRIPTION**

FIG. 1 is a top view showing a first embodiment of the electronic display with graphical user interface; and, FIG. 2 is a top view showing a second embodiment of the electronic display with graphical user interface. The angled broken line shaded areas, bounded by a broken line perimeter and partially overlaying concentric circles, form a part of the claimed design. The broken line perimeter itself and the remaining broken lines showing portions of the graphical user interface and the electronic display form no part of the claimed design.
