(57) **CLAIM**

An ornamental design for a camera case, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of the camera case in an attached condition of use.

FIG. 2 is a front view of the camera case in an attached condition of use.

FIG. 3 is a rear view of the camera case in an attached condition of use.

FIG. 4 is a side view of the camera case in an attached condition of use.

FIG. 5 is an opposite side view of the camera case in an attached condition of use.

FIG. 6 is a top view of the camera case in an attached condition of use.

FIG. 7 is a bottom view of the camera case in an attached condition of use.

FIG. 8 is a front perspective view of the camera case in a separated condition of use.

FIG. 9 is a front view of the camera case in a separated condition of use.

FIG. 10 is a rear view of the camera case in a separated condition of use.

FIG. 11 is a side view of the camera case in a separated condition of use.

FIG. 12 is an opposite side view of the camera case in a separated condition of use.

FIG. 13 is a top view of the camera case in a separated condition of use; and,

FIG. 14 is a bottom view of the camera case in a separated condition of use.

The broken line showing of elements on the camera case illustrate portions of the article and form no part of the claimed design. The broken lines showing the camera illustrate environment and form no part of the claimed design.
