(57) **CLAIM**

The ornamental design for a device for network security and management, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an device for network security and management showing a top and portions of the sides of our new design.

FIG. 2 is a perspective view showing the top thereof.

FIG. 3 is a perspective view showing the top and another portion of the sides thereof.

FIG. 4 is a perspective view showing a back and portion of the sides thereof.

FIG. 5 is a perspective view showing the top and another portion of the sides thereof with the device in a vertical orientation.

FIG. 6 is a perspective view showing the bottom and another portion of the sides thereof with the device in a vertical orientation.

FIG. 7 is a bottom plan view thereof.

FIG. 8 is a top plan view thereof.

FIG. 9 is a side elevational view thereof; and,

FIG. 10 is a side elevational view thereof with the device in a vertical orientation.

The broken lines in the drawings depict portions of the device for network security and management that form no part of the claim.
