(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen or portion thereof with graphical user interface showing our new design;

FIG. 2 is a front view of a second embodiment of a display screen or portion thereof with graphical user interface showing our new design;

FIG. 3 is a front view of a third embodiment of a display screen or portion thereof with graphical user interface showing our new design;

FIG. 4 is a front view of a fourth embodiment of a display screen or portion thereof with graphical user interface showing our new design; and,

FIG. 5 is a front view of a fifth embodiment of a display screen or portion thereof with graphical user interface showing our new design.

The outer perimeter shown in broken line in the drawings represents a display screen or portion thereof and forms no part of the claimed design. The remaining broken lines, surrounding the shoe icon and small numerals in all figures, illustrate portions of the graphical user interface that form no part of the claimed design.
