(57) **CLAIM**

The ornamental design of a penny auction user interface on a monitor, as shown and described.

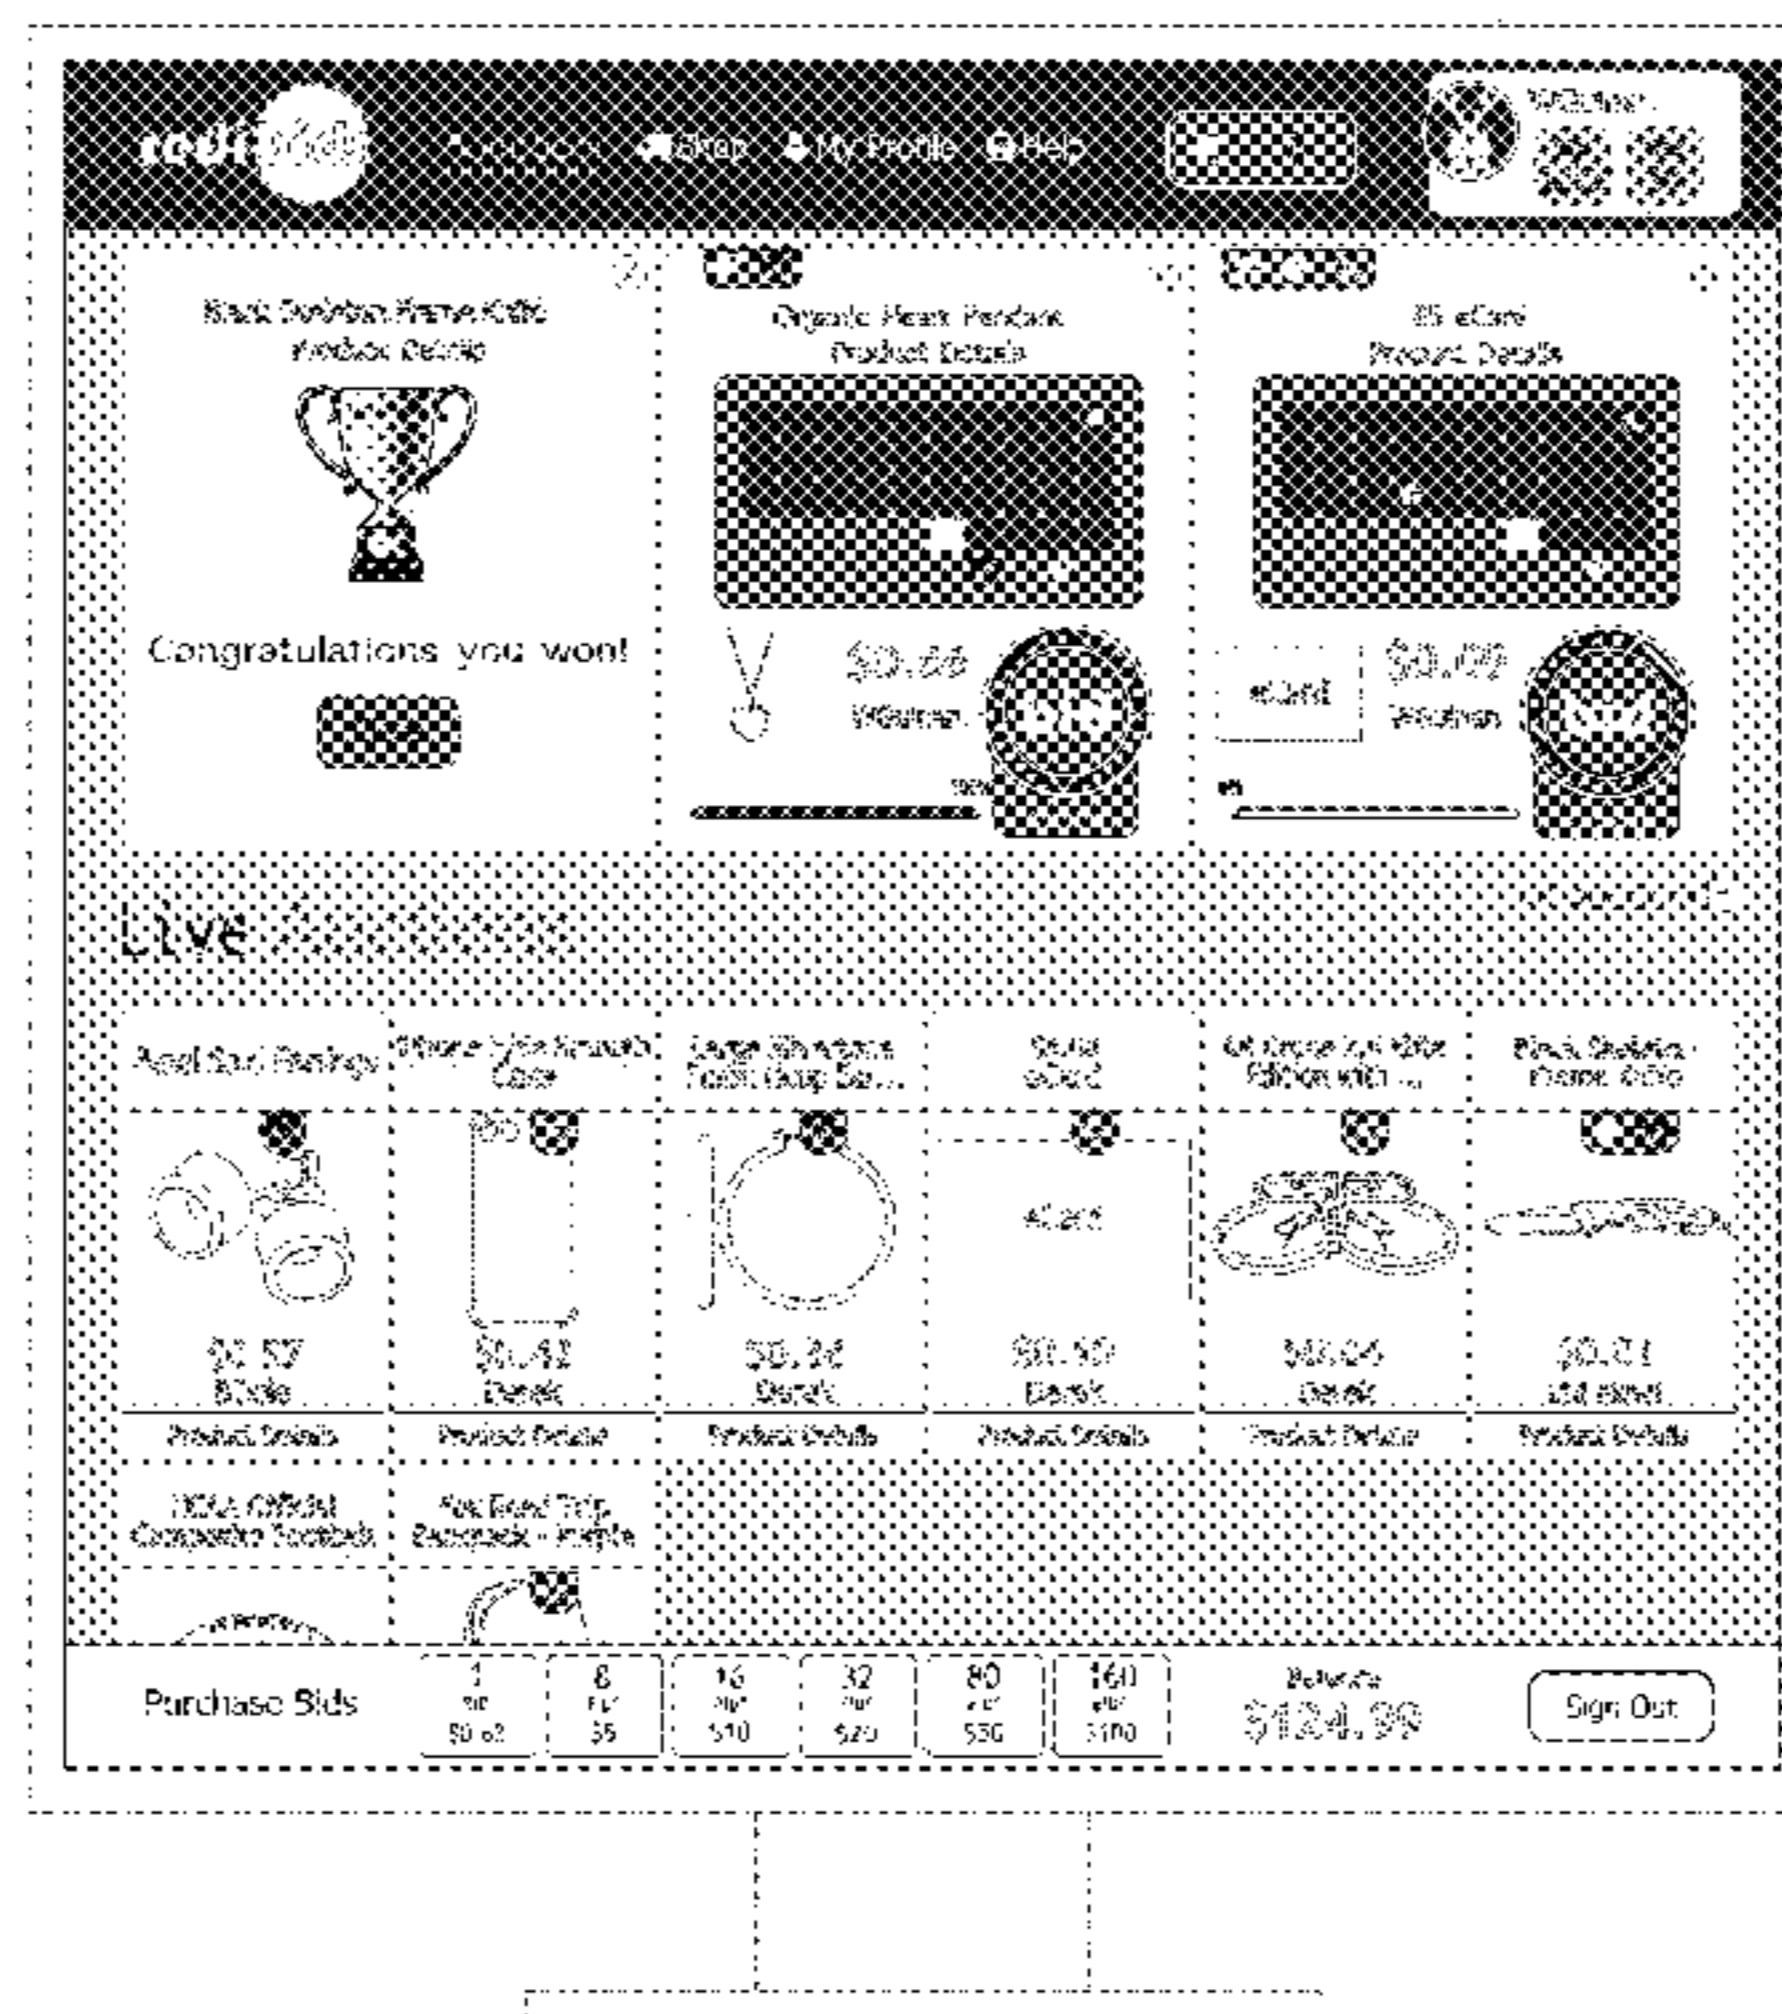

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a monitor display screen with penny auction graphical user interface, embodying the design of the present invention.

The broken line showing is included for the purpose of illustrating portions of the article and forms no part of the claimed design.
