(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains a drawing executed in color. Copies of this patent with the color drawing will be provided by the Office upon request and payment of the necessary fee. The FIGURE is a front view of a display screen with graphical user interface showing our new design.

The broken lines showing an electronic device illustrate environmental subject matter, whereas the broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article. No subject matter depicted in broken lines form part of the claimed design.
