(57) **CLAIM**

The ornamental design for a mobile tablet display screen
with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image in a sequence for a
mobile tablet display screen with graphical user interface
showing our new design; and,

FIG. 2 is a front view of the second image in a sequence for
a mobile tablet display screen with graphical user interface
showing our new design.

The outer broken lines illustrate a mobile tablet. The broken
line at the perimeter of the figure illustrates a display screen,
and the remainder of the broken lines illustrate portions of
the graphical user interface. None of the broken lines form
part of the claimed design.

The appearance of the transitional image sequentially transi-
tions between the images shown in FIGS. 1 and 2. The
process or period in which one image transitions to another
image forms no part of the claimed design.
