(57) **CLAIM**

The ornamental design for an insect control wristband, as
shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of an insect control
wristband showing our new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a right side elevation view thereof;
FIG. 4 is a bottom plan view thereof;
FIG. 5 is a left side elevation view thereof;
FIG. 6 is a front elevation view thereof; and,
FIG. 7 is a rear elevation view thereof.
The broken line showing of a hole pattern in the top of the
center casing of the insect control wrist band is for the
purpose of illustrating repellent vapor emission holes in the
wristband; the broken line showing of a slot opening in the
side of the center casing of the insect control wristband is for
the purpose of illustrating an insertion slot for inserting an
insect repellent material into the wristband; the broken line
showing of a hole pattern, rivet and loop on the wrist strap
of the insect control wristband is for the purpose of illus-
trating fastening elements of the wristband wherein the
wristband can be adjustably fastened to the wearer's wrist.
The aforementioned broken line showings form no part of
the claimed design.
