(57) **CLAIM**

The ornamental design for a garment, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a garment showing my new design as it would appear in a position of use.

FIG. 2 is a front view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a first side view thereof;

FIG. 5 is a second side view thereof;

FIG. 6 is a top view thereof;

FIG. 7 is a bottom view thereof; and,

FIG. 8 is a magnified view of the area indicated in FIG. 2.

The even-length broken lines shown in the drawings represent portions of the garment that form no part of the claimed design.

The long and short broken lines are boundary lines, which define the bounds of the claimed design. These boundaries do not exist in reality in the article embodying the design. It is understood that the claimed design extends to these boundaries but does not include the boundaries.

1 Claim, 7 Drawing Sheets
