(57) **CLAIM**

The ornamental design for an vehicle dashboard display screen with vehicle dashboard display screen with an animated graphical user interface , as shown and described.

DESCRIPTION

1. Vehicle dashboard display screen with an animated graphical user interface

1.1 is a front image;

1.2 is a second image thereof.

The subject design is an vehicle dashboard display screen with an animated graphical user interface for vehicle dashboard; the reproduction 1.1 is a front view of an vehicle dashboard display screen with an animated graphical user interface before the change; the reproduction 1.2 is a front view thereof after the change;

The appearance of the vehicle dashboard display screen with an animated graphical user interface sequentially transitions between the images shown in 1.1 through 1.2. The process or period that one image transitions to another image; forms no part of the claimed design.

In the drawings, the inner most broken lines are for the purpose of illustrating portions of an vehicle dashboard display screen with an animated graphical user interface and the outer most broken lines are for the purpose of illustrating an environmental vehicle dashboard; both lines form no part of the claimed design.
