(57) **CLAIM**

The ornamental design for a control panel for appliance with embedded display screen having a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a control panel for appliance with embedded display screen having a graphical user interface according to our design;
 FIG. 2 is a front view thereof;
 FIG. 3 is a top view thereof, a bottom view being identical thereto;
 FIG. 4 is a right side view thereof, a left side view being a mirror image thereof; and,
 FIG. 5 is an enlarged partial view showing the graphical user interface of the control panel for appliance with embedded display screen having a graphical user interface of FIG. 1. The evenly-spaced broken lines illustrate portions of the article that form no part of the claimed design. Dash-dot lines represent the bounds of the claimed design and form no part thereof. Dash-dot-dot lines represent the bounds of the graphical user interface and form no part of the claimed design.
