(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

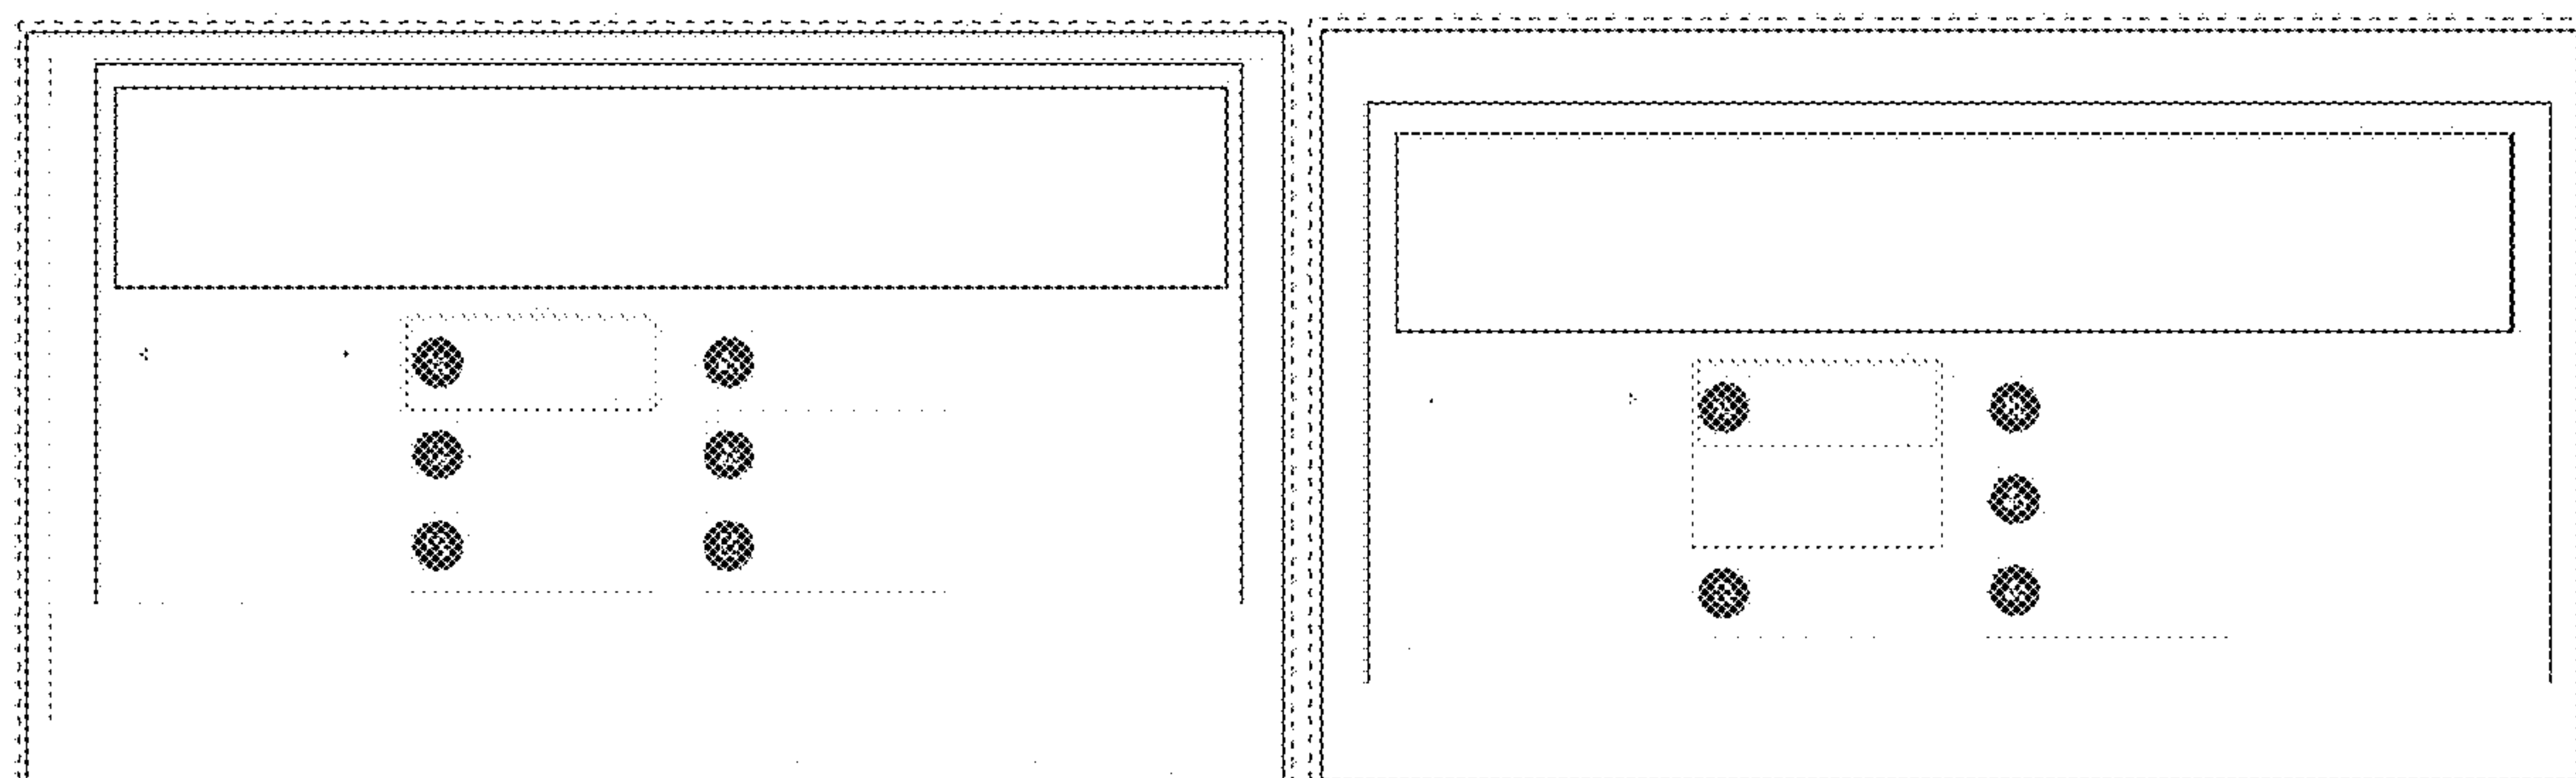

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawings/photographs will be provided to the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with animated graphical user interface showing our new design; and, FIG. 2 is a front view of the first image in a sequence for a display screen with animated graphical user interface showing our new design.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another forms no part of the claimed design. The broken line showing of the display screen forms no part of the claimed design.
