(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

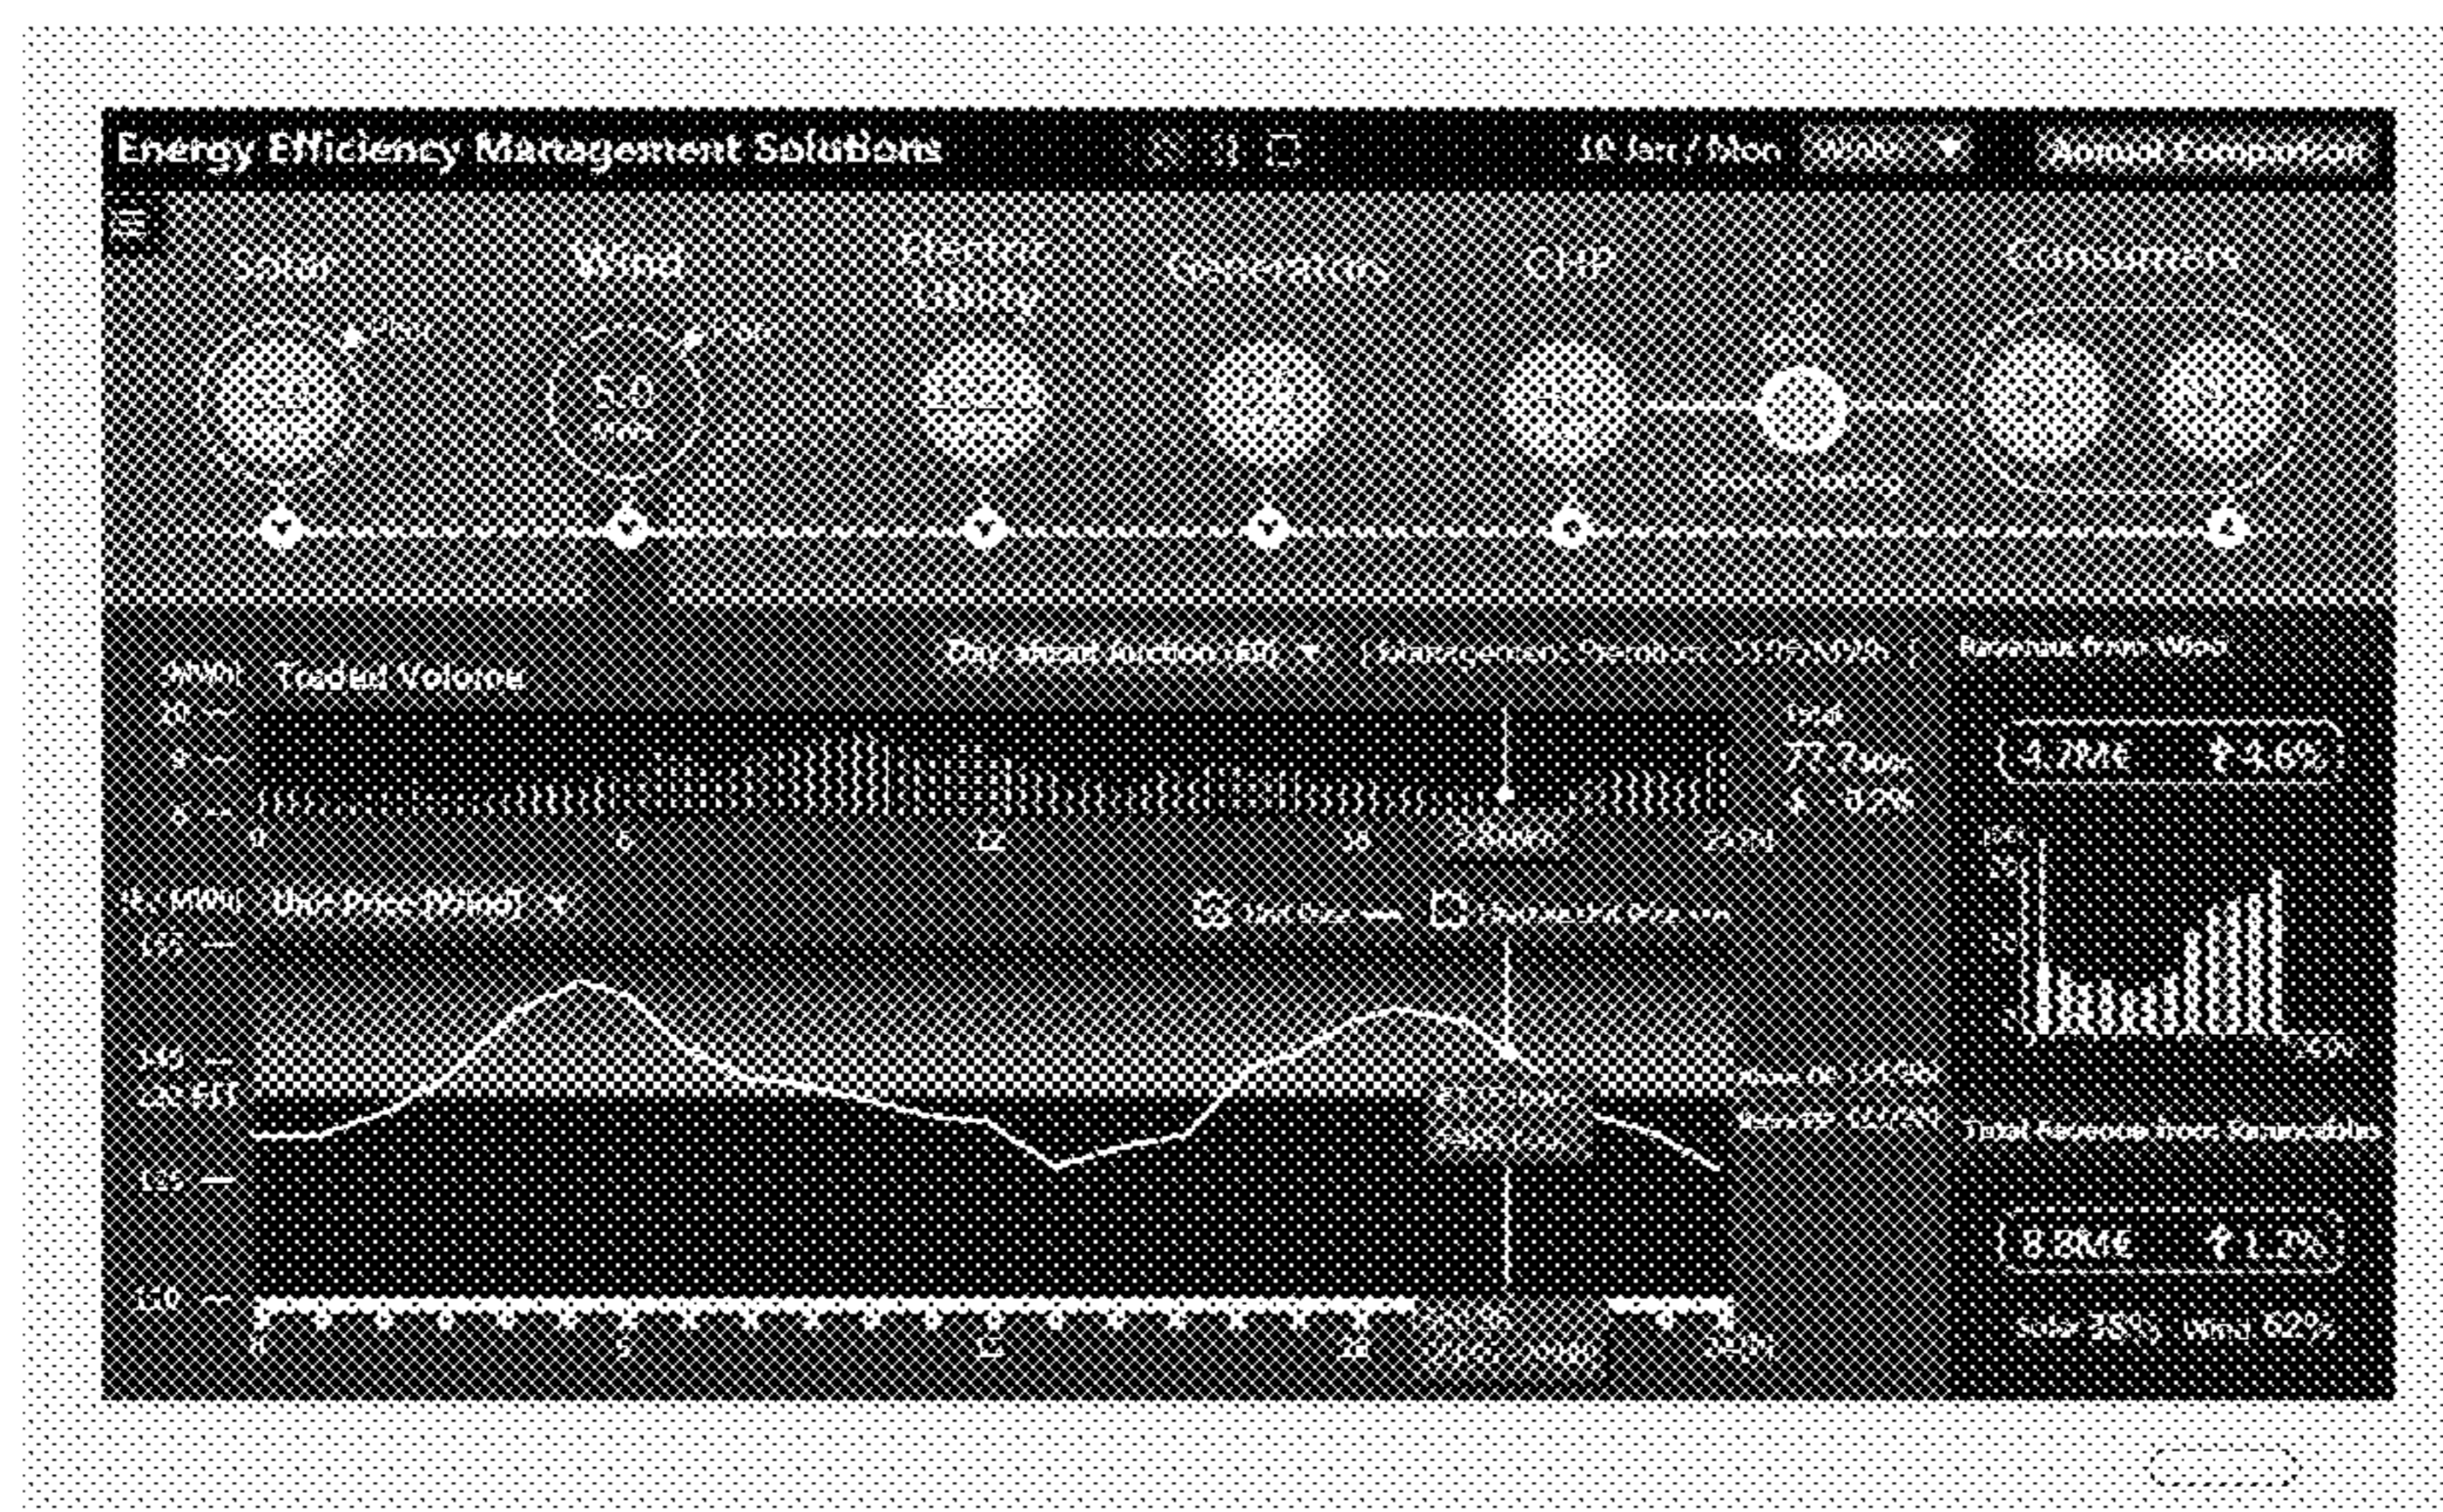

DESCRIPTION

The file of this patent contains a least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of necessary fee.

The FIGURE is a front view of a display screen with graphical user interface showing our new design.

The outer light gray rectangular border and oval button showing the display screen are included for the purposes of illustrating a portion of the article and form no part of the claimed design.

1 Claim, 1 Drawing Sheet
