(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a display screen with animated graphical user interface, showing my new design;

FIG. 2 is a front view of a second image thereof;

FIG. 3 is a front view of a third image thereof;

FIG. 4 is a front view of a fourth image thereof;

FIG. 5 is a front view of a fifth image thereof; and,

FIG. 6 is a front view of a sixth image thereof.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-6. The process or period in which an image transitions to another forms no part of the claimed design.

The dash-dot broken lines show the display screen and form no part of the claimed design. The broken line text, including the abbreviations 'SUN', 'MON', 'TUE', 'WED', 'THU', 'FRI', and 'SAT', in all views, illustrate portions of the animated graphical user interface that form no part of the claimed design.

1 Claim, 6 Drawing Sheets
