(57) **CLAIM**

The ornamental design for a display panel portion with a graphical user interface component for an aircraft maintenance interface, as shown and described.

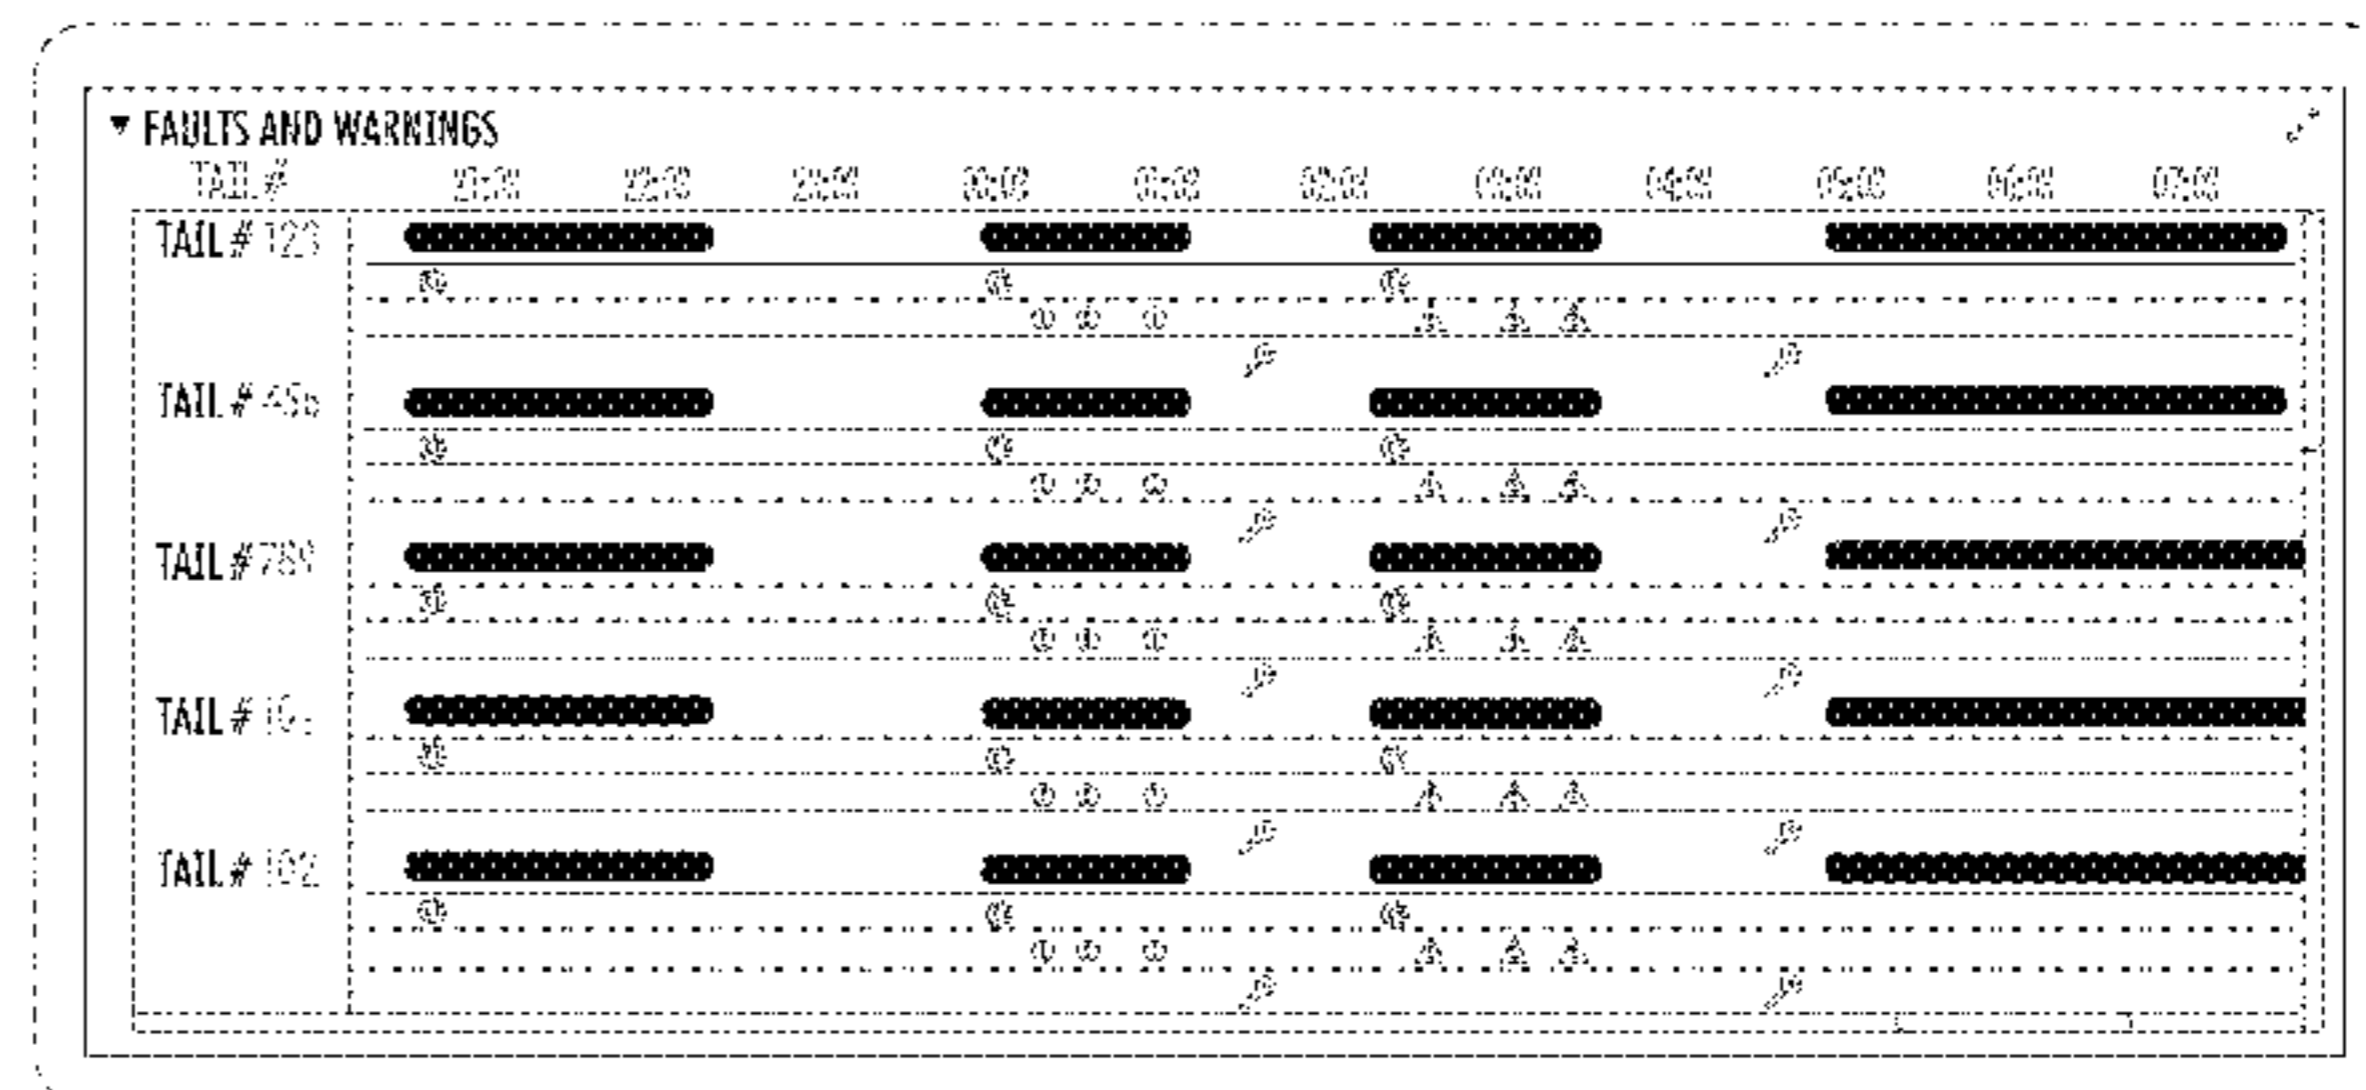

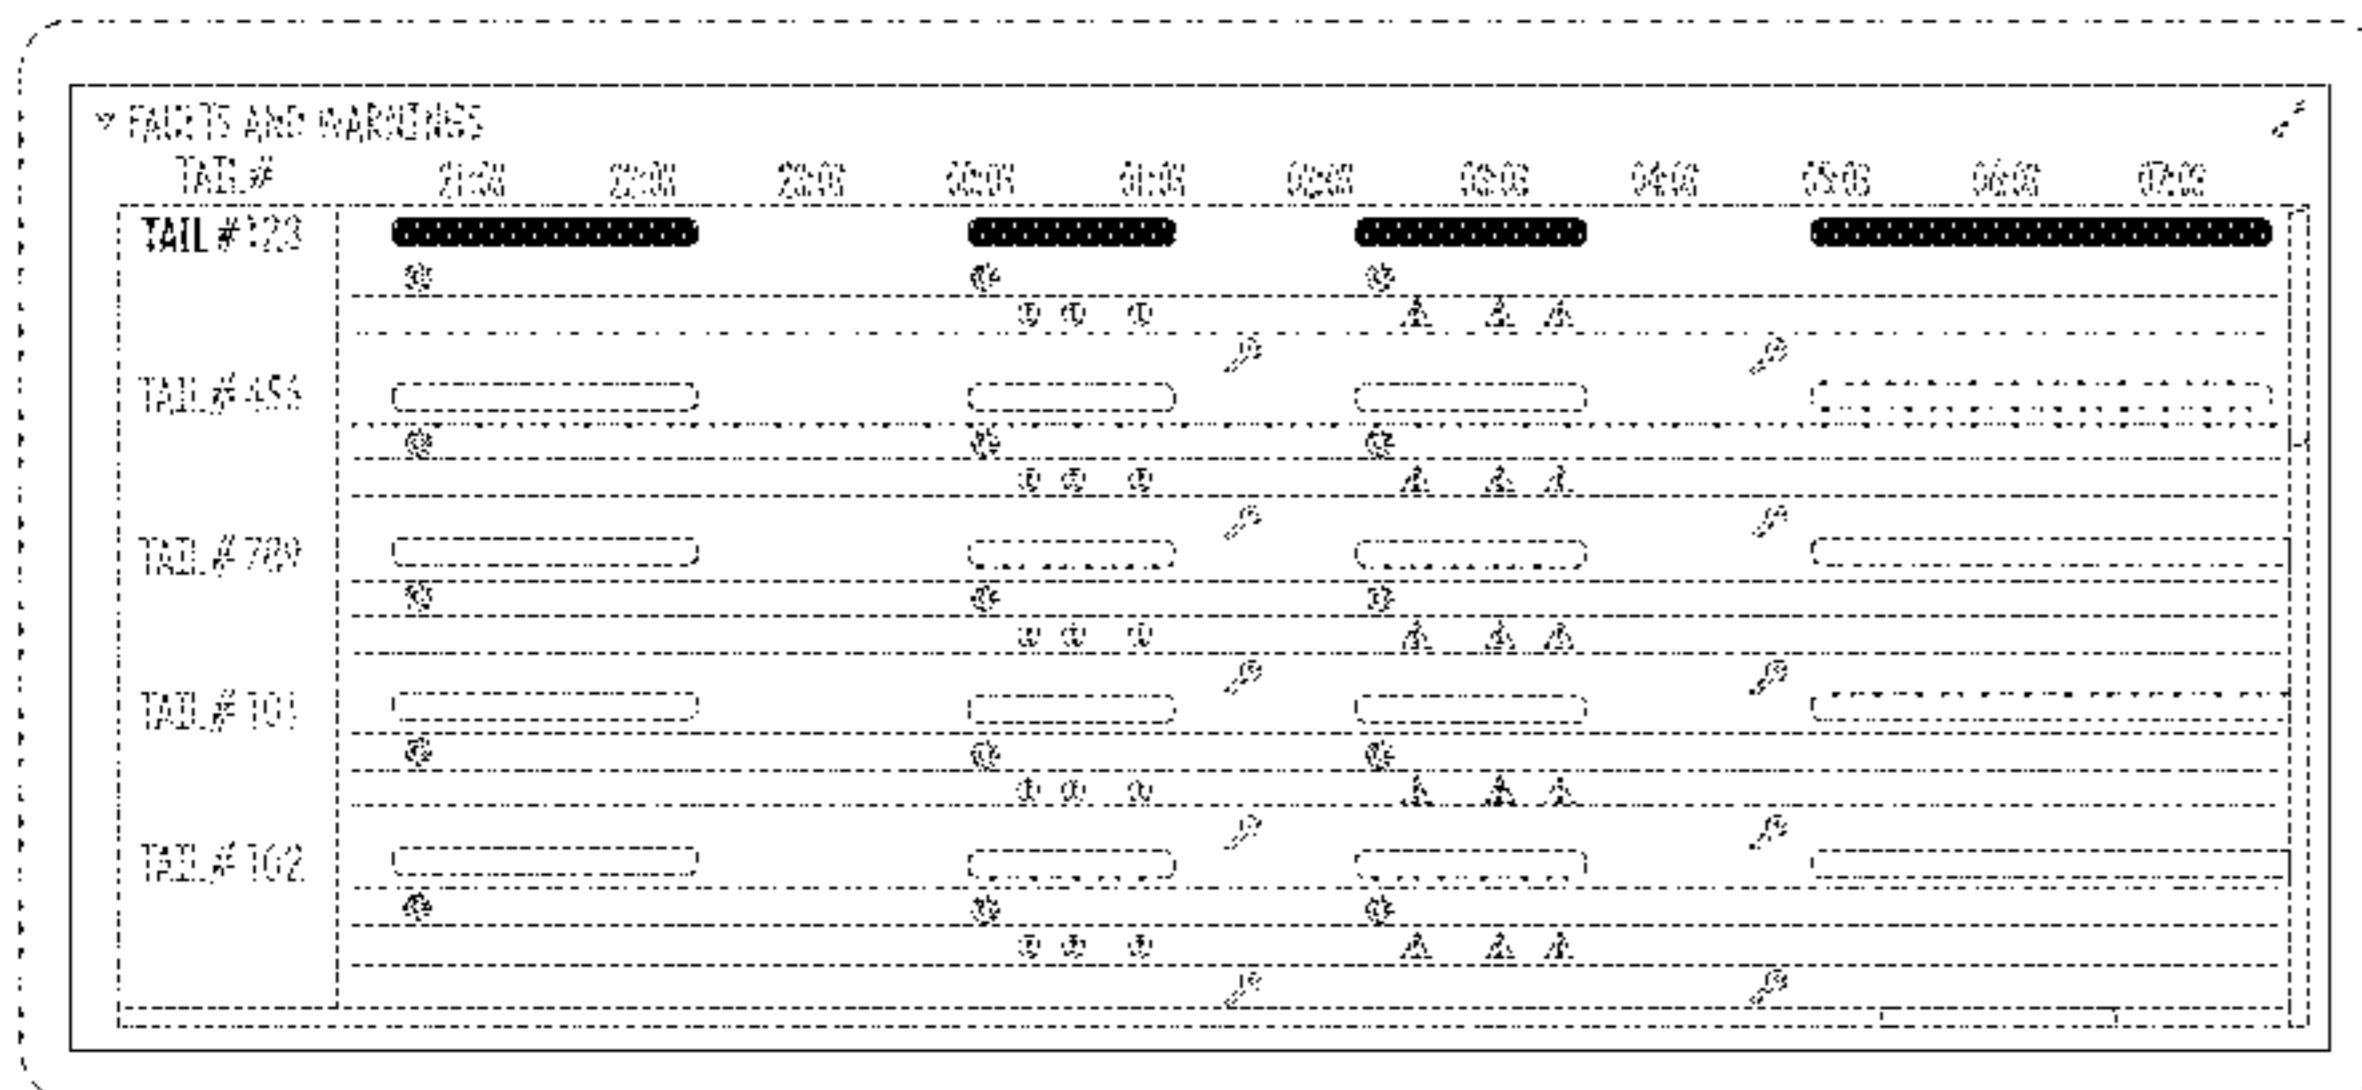

DESCRIPTION

FIG. 1 is a front view of a display panel portion with a graphical user interface component for an aircraft maintenance interface according to a first embodiment of the design; and,

FIG. 2 is a front view of a display panel portion with a graphical user interface component for an aircraft maintenance interface according to a second embodiment of the design.

The broken lines showing a display panel surrounding the graphical user interface are included for the purpose of illustrating environmental structure and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
