(57) **CLAIM**

The ornamental design for a display screen of a computing device with graphical user interface, as shown and described.

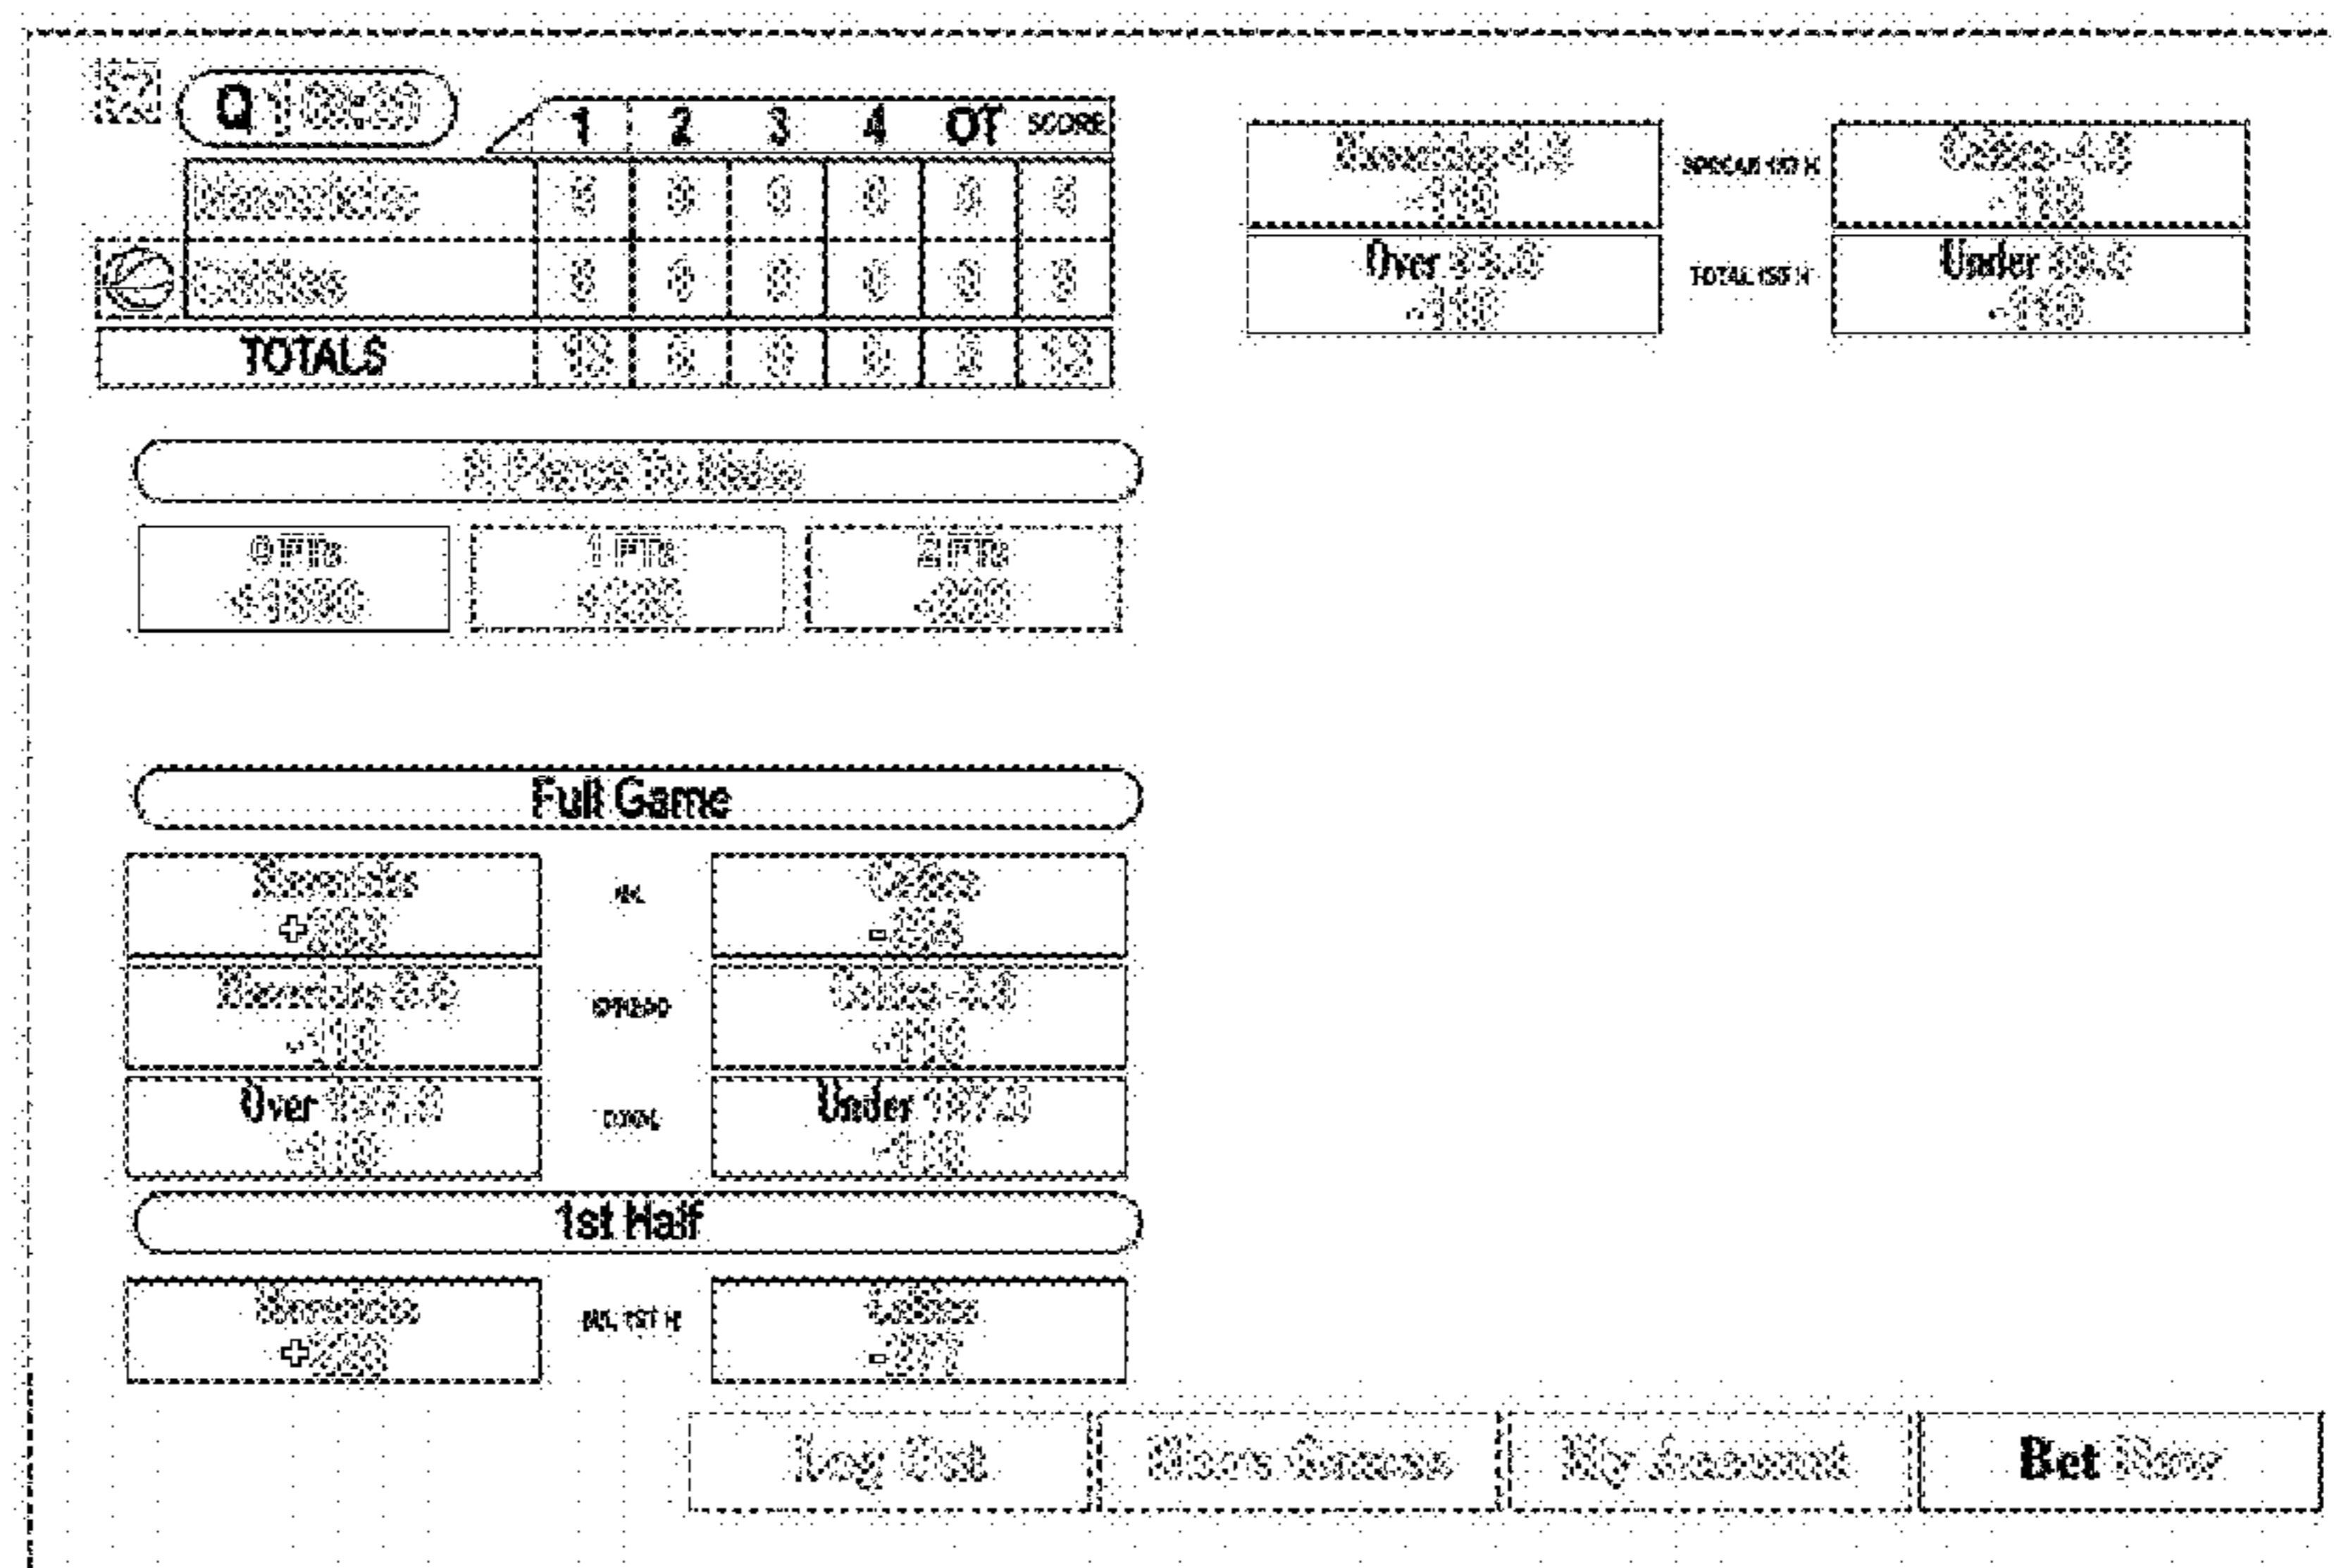

DESCRIPTION

A portion of the disclosure of this patent document may contain material to which a claim for a copyright and/or trademark may be made. The copyright and/or trademark owner has no objection to the reproduction of the patent document or the patent disclosure as it appears in the U.S. Patent and Trademark Office records, but reserves all other copyright and/or trademark rights whatsoever.

The FIGURE is a front view of a display screen of a computing device with graphical user interface showing our new design.

The outermost broken line showing of a display screen and the other broken lines showing elements of the graphical user interface illustrate portions of the article and do not form part of the claimed design.
