(57) **CLAIM**

The ornamental design for a food package, as shown and described.

DESCRIPTION

1. Food package
1.1 is a front elevational view of a food package with one tear notch shown in an open position;
1.2 is a front elevational view thereof with all tear notches shown in a closed position;
1.3 is a top plan view thereof with all tear notches shown in a closed position;
1.4 is a rear elevational view thereof with one tear notch shown in an open position; and
1.5 is a top plan view thereof with one tear notch shown in an open position.

The broken lines shown are included for the purpose of illustrating portions of the food package that form no part of the claimed design.

The food package is shown with symbolic breaks in length in all of the drawing views. It is understood that patentability

(Continued)

is based only on those portions of the article that are shown in solid lines, and the appearance of any portion of the article between the break lines forms no part of the claimed design.
