(Continued)

The broken lines showing an electronic device and display screen illustrate environmental structure and the article of manufacture, respectively. The remaining broken lines and lined-through text and icons illustrate portions of the graphical user interface. None of the broken lines and lined-through text and icons form part of the claimed design. The appearance of the graphical user interface sequentially transitions between the images shown in FIGS. 1-3 and 4-6. The process or period in which one image transitions to another image forms no part of the claimed design.
