(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The horizontally spaced solid lines towards the bottom, and the vertically spaced solid lines towards the right, of the graphical user interface in the drawing form part of the claimed design.

The outer perimeter illustrated by a pair of broken lines in the FIGURE represents a display screen or portion thereof and forms no part of the claimed design. The remaining broken lines in the FIGURE illustrate portions of the graphical user interface that form no part of the claimed design.
