FIG. 1 is a perspective view of a dental tool showing our new design;
FIG. 2 is a right side elevational view with the left side being a mirror image thereof;
FIG. 3 is a top view with the bottom view being a mirror image thereof;
FIG. 4 is a front elevational view thereof;
FIG. 5 is a rear elevational view thereof; and,
FIG. 6 is an environmental perspective view thereof.
The broken line showing of the wire and teeth is for the purpose of illustrating environmental structure and forms no part of the claimed design.
